How to open:
1. Invert tube over dog and use open end to part dog’s hair. Squeeze tube firmly to apply all of the solution to face and body, cut off the narrow end pointing up and away from the head. "Bea" the tube with notched package.
2. Remove tube from pack and apply all of the solution to the dog’s back between the shoulder blades. Allow treated area to dry thoroughly. Do not reapply for 30 days.

Directions for Use

1. Remove tube from pack until ready to use. Store in a cool (below 77°F/25°C) dry place inaccessible to children and pets. Do not refrigerate. Protect from direct sunlight.
2. Apply one tube (0.023 fl oz) (0.67 mL) as a spot on the dog’s back between the shoulder blades.

Hazards to Domestic Animals.

Directions for Use

How to open

1. Separate one tube from the others.

2. Remove product tubes from the package. Separate one tube from the others. Holding the tube with notched end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.

3. Spot on the dog's back between the shoulder blades. Apply one tube (0.023 fl oz) (0.67 mL) as a spot on the dog’s back between the shoulder blades.

4. Do NOT use dog products on cats. Using a product on cats can cause serious harm to your cat.

5. Do not remove tube from the pack until ready to use. Store in a cool (below 80°F) and dry place.

6. Do NOT split tubes between pets. Store tubes out of reach of children.
