Directions for Use

1. Remove tube from the package.
2. Separate one tube from the others.
3. Hold the tube with notched end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.
4. While holding the cat with one hand, use the other hand to apply the solution. Invert the tube and use the end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.
5. Hold the cat for a few seconds to give the solution time to be absorbed into the cat's coat.
6. For year-round protection, apply monthly.

For external use only. Do not use on kittens under 8 weeks of age. Do not split one tube between cats. Do not use multiple tubes on one cat.

Fleas     Ticks    Chewing Lice

KILLS
Flea Eggs    Flea Larvae
