EPA Reg. No 2724-734-270
EPA Est. No. 84830-IA-01

Net Contents: ½ fl oz (14.8 ml)
READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON CATS OR DOGS.

Adams™ Ear Mite Treatment offers relief for dogs and cats suffering from ear mites. Dogs and cats that have ear mites will typically shake their heads and scratch their ears frequently. Ear mites live in the ear canal of the animal and cause a brownish, waxy debris to be formed. Ear mites usually induce the formation of a dry, dark brown, waxy exudate with crusts in the ears of pets. Ear mites may be detected by placing some of the waxy debris on a dark surface and carefully watching for the movement of tiny white specks away from the debris. Inflamed, watery, or blocked ear canals indicate a more serious condition which requires the services of a veterinarian.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
HUMANS:
Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

ANIMALS:
Do not use on puppies or kittens less than 12 weeks old. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medications. Avoid contact with eyes. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

FIRST AID
IF ON SKIN OR CLOTHING
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 800-234-2269 for emergency medical treatment information.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:
The maximum application rate depends on animal weight and is 5 drops/day for animals 5-15 lbs, 10 drops/day for animals 16-30 lbs, and 15 drops/day for animals 30 lbs and over. Treatment can be applied daily for 7 to 10 days, then repeated 2 weeks after the last treatment, if necessary.

To Kill Ear Mites
Clean ears to remove built-up wax and dirt. While firmly holding pet, fill ear canal with labeled number of drops in each ear. Massage base of ear to insure insecticidal action penetrates ear wax. Gently dry ear with a cotton ball, soft cloth, or cotton swab. This product may be applied daily for 7 to 10 days. Repeat treatment in two weeks if necessary.
