PETARMOR® For Dogs acts fast and is an effective, lasting, waterproof, and easy-to-use treatment for fleas, ticks, and chewing lice. It is safe for use on dogs and puppies 6 weeks of age or older. Use it on dogs weighing 8 lbs. or more. Do not use on cats or other animals.

**Directions For Use**

1. For external use on dogs only. Individual application for control of fleas, ticks, and chewing lice.
2. Apply once every month. Do not apply more than one applicator per dog per month.
3. For dogs weighing 89-132 lbs., use one 3ml applicator. Over dosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, aged, pregnant, or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs and/or is being treated for skin dermatitis, talk to your veterinarian before applying any medications.

**Additional Notes:**

- **Flammable:** Keep away from heat and open flame.
- **Non-refillable container. Do not reuse or refill this container.**
- **Protect from direct sunlight.**
- **Do not remove tube from the pack until ready to use. Store in a cool (below 77°F /25°C) dry place inaccessible to children and pets. Do not refrigerate.**
- **Do not apply the product superficially to the dog's hair. Use only one applicator during each application. Do not apply the product to a dog that is nursing.**
- **It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**
- **Fipronil .........................................9.70%**
- **ACTIVE INGREDIENT:**
- **Fipronil**

**How to Apply**

1. Remove the collar and fasten the clip on the collar to the neck. Apply the product only on the dog's back and between the shoulders. DO NOT apply the product to the dog's head, legs, or feet.
2. Separate one applicator from the others. Hold the applicator with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.
3. Part the dog’s hair and place the tip of the applicator behind the neck and between the shoulders. Push the applicator upward and between the shoulders until the applicator is expelled by the spring mechanism. Do not do this if the applicator is not expelled by the spring mechanism.

**FIRST AID**

1. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove any contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
2. If Swallowed: Call a poison control center or a doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or do not swallow.
3. If on skin: Wash with plenty of soap and water. If irritation occurs, call a poison control center.

**HAZARDS TO HUMANS. CAUTION.**

- **Harmful if swallowed. Causes eye irritation. Avoid contact with eyes, skin, and clothing.**
- **Do not allow children to apply this product. READ ENTIRE LABEL BEFORE EACH USE. CAREFULLY FOLLOW ALL PRECAUTIONARY STATEMENTS AND APPLICABLE USE DIRECTIONS. FOR USE ON DOGS ONLY. DO NOT USE ON RABBITS OR OTHER ANIMALS.**
