Dilute at 1 oz. of product per gallon of water (1:128). Pre-clean heavily soiled hard non-porous surfaces. Apply Use Solution to exposed surfaces. Use a brush or cloth to wipe thoroughly until the surface is wet. Let air dry. Do not reuse empty container. Keep from freezing. Note - Do not use on glassware, utensils, or dishes. 

Not for use on food contact surfaces or on food preparation areas. 

For use as a **Virucide:** 

When used as a non-food contact sanitizer at a 1:128 dilution, in the presence of 200 ppm hard water, 5% serum load, this product reduces the following bacteria by 99.9% with a 3 minute contact time on hard non-porous inanimate surfaces: 

**Bacteria:**
- *Staphylococcus aureus*
- *Klebsiella pneumoniae*
- *Escherichia coli*
- *Enterococcus faecalis*
- *Listeria monocytogenes*
- *Pseudomonas aeruginosa*
- *Salmonella enterica*

When used as a disinfectant, when diluted at 1:64 dilution in 200 ppm hard water, in the presence of 5% serum, remains effective against:

- *Norovirus* 
- *Rotavirus* (Kidney Cell Culture) 
- *Salmonella* 
- *Enterococcus faecalis* 
- *Listeria monocytogenes* 
- *Pseudomonas aeruginosa* 
- *Salmonella enterica* 

Tests show this product as a disinfectant, when diluted at 1:64 dilution in 200 ppm hard water, in the presence of 5% serum, remains effective against:

- *Norovirus* 
- *Rotavirus* (Kidney Cell Culture) 
- *Salmonella* 
- *Enterococcus faecalis* 
- *Listeria monocytogenes* 
- *Pseudomonas aeruginosa* 
- *Salmonella enterica*

Bactericidal stability of use-solution:

- **B) when used as directed on hard, non-porous inanimate surfaces with a 1 minute contact time, unless otherwise noted, this product kills the following bacteria on hard non-porous inanimate surfaces:** 
- *Staphylococcus aureus* 
- *Klebsiella pneumoniae* 
- *Escherichia coli* 
- *Enterococcus faecalis* 
- *Listeria monocytogenes* 
- *Pseudomonas aeruginosa* 
- *Salmonella enterica**

For use as a Deodorizer:

Dilute at 1:128 per gallon of water. Pre-clean heavily soiled areas. Use a deck brush or other coarse material as necessary. Rinse surfaces thoroughly and let air dry. Not for use on glassware, utensils, or dishes. 

For use as a **Deodorizer:** 

- Reduces malodor activity in restroom areas, behind and under sinks and counters, and storage areas.
- Reduces malodor activity in public restrooms, kitchen areas, and central utility areas.
- Reduces malodor activity in public areas where urines and feces are deposited.
