PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes moderate eye irritation. Harmful if absorbed through skin or if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Avoid contact with skin, eyes or clothing.

PHYSICAL OR CHEMICAL HAZARDS

Chlorine dioxide is a strong oxidizing agent. Contamination with other materials such as acids, chlorides, organic chemicals, etc., may cause a chemical reaction resulting in the evolution of gaseous chlorine dioxide and heat. Explosion and/or fire could result. Chlorine dioxide is a poisonous explosive gas. Keep all chemical and foreign material away from this product.

STORAGE AND DISPOSAL

Room Temperature: Store in a cool, dark area in original container. Do not contaminate water, food, or feed by storage or disposal. Do not store with oxidizing materials, acids, chlorine, organic chemicals, etc. which may cause a chemical reaction resulting in the evolution of gaseous chlorine dioxide and heat. Explosion and/or fire could result. Chlorine dioxide is a poisonous explosive gas. Keep all chemical and foreign material away from this product.

Disposal: Non-refillable container. Do not reuse or refill this container. Clean container promptly after emptying. Offer for recycling, if available.

For 24-hour emergency information on this product, call CHEMTREC 1-800-262-8200

DIRECTIONS FOR USE

1. Empty and clean the self-contained bottle at the end of the day.
2. Fill the bottle with 100 mL (4 pumps) of MicroCLEAR®
3. Run each line for 30 seconds.
4. Leave MicroCLEAR® in the lines overnight.
5. The next morning completely flush remaining solution through waterlines and remove the self-contained bottle.
6. Fill clean bottle with the daily use formula. Run this solution through the lines for 30 seconds.
