**Pronyl OTC for cats**

For use ONLY on cats & kittens of ALL weights over 8 weeks of age.

**DIRECTIONS FOR USE**

1. **How to open:**
   - Invert the tube and use the narrow end to part the cat's hair. Apply contents of one tube of Pronyl OTC directly to the skin of the cat at the base of the tail. To prevent reinfestation by other cats, use one tube of Pronyl OTC on each cat. Do not split one tube between cats. Do not remove tube from the pack until ready to use. Store in a cool (below 86°F, 30°C) place. Do not allow children to apply product. To prevent harm to you and your cat, read entire label before each use. Follow all directions and precautionary statements carefully. For use ONLY on cats & kittens over 8 weeks of age. Do not use on kittens under 8 weeks of age. Use entire contents of tube on each cat. Do not reapply for 4 weeks.

2. **How to apply:**
   - While holding the cat with one hand, use the other hand to apply the solution. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

3. **CAUTION:**
   - Use Pronyl OTC for cats containing 0.017 fl oz (0.50 mL) of fipronil. Kills fleas for up to six weeks. Apply fipronil like Frontline Top Spot for cats. It provides three way protection that kills fleas, ticks, and chewing lice. Kills adult fleas for up to six weeks. Apply monthly to control ticks and chewing lice. Prevents flea reinfestation for up to six weeks. For external use only. Do not use on kittens under 8 weeks of age. Individual sensitivities, allergies, or reactions may occur after using pesticide products. Some cats may experience temporary behavioral effects after any product is applied. If signs persist, or become more severe within a few days of application, consult your veterinarian immediately. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated, debilitated, or aged cats.

**FIRST AID**

1. **If on skin:**
   - Wash with plenty of soap and water. Get medical attention if irritation persists.

2. **If in eyes:**
   - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor. Do not give anything by mouth to an unconscious person.

3. **If swallowed:**
   - Call a poison control center or a doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**PROTECTIONS AND PRECAUTIONS**

1. **LABEL BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY.**
   - TO PREVENT HARM TO YOU AND YOUR CAT, READ ENTIRE LABEL BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. FOR USE ONLY ON CATS & KITTENS OVER 8 WEEKS OF AGE.
