- Avoid contact with eyes, mouth, and skin. 
- Avoid ingestion of this product. 
- Avoid contact with clothing or fabric. 
- Avoid contact with eyes, mouth, and skin. 
- Avoid ingestion of this product.

**USER SAFETY RECOMMENDATIONS**

- Wash hands with soap and water after handling, chewing gum, using tobacco, or using the toilet. 
- Avoid contact with clothing or fabric. 
- Avoid ingestion of this product. 
- Avoid contact with eyes, mouth, and skin. 
- Avoid ingestion of this product.

**ENVIRONMENTAL HAZARDS**

- This product is environmentally sensitive, including the soil and vegetation, to protect the environment, do not allow the product to enter or run off storm drains, drainage ditches, or surface water. 
- Apply this product in calm weather when necessary and protected from the wind. In windy conditions, ensure that a non-tow windsock or wind vane is placed in the treatment area. 
- Do not apply this product to any plants that are not listed in the application directions. 
- Do not apply this product to any plants that are not listed in the application directions.

**APPLICATION INSTRUCTIONS**

- The best times to apply are early evening and early morning. 
- The target area and plants should be completely covered with spray. 
- Spraying until leaves are wet is the point of cut-off.

**DIRECTIONS FOR USE THROUGH COMPRESSED SPRAY TANKS**

- Mix 1.25 gal of concentrate to 1 gal of water. 
- Mix thoroughly before spraying and make hand-sprays periodically with the sprayer. 
- This insect will produce the same dilution as the hand-held sprayer (100 parts water to 1 part insecticide). 
- Use dilution rates as indicated; 1.25 gal to 1.5 gal.
