**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** Do not use in aircraft cabins. Do not water the treated area to the point of run-off. Do not make applications during the rain. Not for broadcast use on indoor residential surfaces. Not for use in outdoor residential misting systems. Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not allow adults, children or pets to enter until sprays have dried. All outdoor applications must be limited to spot or crack-and-crevice treatments only except for the following permitted uses: 1) lawns, 2) turf and 3) other vegetation. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, benches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only. Vacate room after treatment and ventilate before recropping. Avoid contamination of feed and foodstuffs. Cover or remove bird feeders. This product is not for use on humans. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Infested stored food products in the home should be disposed of. Not for use on plants being grown for commercial sale or commercial use. Read entire label before each use.

**APPLICATION INSTRUCTIONS:** SHAKE WELL BEFORE USING. Hold container upright and spray from a distance of 12 to 15 inches. Remove birds and cover fish aquariums before spraying.

**INDOOR INSECT:** CRICKETS: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible.

**OUTDOOR RESIDENTIAL GARDEN INSECTS:** Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or lawns and grounds. For use on roses, dahlias, asters and other ornamentals to kill JAPANESE BEETLES not set by spray, as well as WHITEFLIES, APHIDS, EXPOSED THrips, SPIDERS, RED MITES & LEAFMINERS. May be used on plants, as well as a multi-purpose spray in small gardens and for spot treatment of incipient insect infestations to prevent spreading in large garden areas. May also be used on other plants such as African violets, asters, azaleas, begonias, camellias, carnations, chrysanthemums, dahlias, delphiniums, dogwood, English ivy, euonymus, fuschia, geraniums, crassula, grape vine, Kentia palm, laurel, marigolds, rhododendrons, roses, rubber plants, snapdragons, stacks, wandering Jew and zinnias.

Effective when used as directed against WHITEFLIES, APHIDS, SPIDER AND RED MITES, EXPOSED THrips, LACE BUGS, JAPANESE BEETLES, PAVEMENT ANTS, CLOVER MITES & ARMY WORMS. When spraying plants, do not operate closer than 16 inches. Use sweeping motion. Be cautious about wetting tender foliage, young plants and new growth. Do not spray plants when temperatures exceed 90°F. Contact insects directly whenever possible. Repeat treatments as infestations occur.

**STORAGE & DISPOSAL:** Do not contaminate water, food or feed by storage and disposal. PESTICIDE STORAGE: Store in a cool, dry area. Always store pesticides in the original container. Store away from food, pet food, feed, seed and fertilizers. Do not transport or store below 32°F. PESTICIDE DISPOSAL and CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. If EMPTY: Place in trash or offer for recycling if available. If PARTLY FILLED: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**FIRST AID:** IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or ambulance, and then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor for treatment advice. IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting. See back panel for First Aid and additional Precautionary Statements.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** CAUTION: Harmful if absorbed through the skin. Harmful if swallowed. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin and clothing. Avoid breathing spray mist or vapor. Wear long sleeved shirt, long pants, shoes plus socks and chemical resistant gloves (made out of any waterproof material). Wash hands thoroughly with soap and water after using and before eating, drinking, chewing gum, using tobacco or using the toilet. ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area. PHYSICAL OR CHEMICAL HAZARDS: Do not use this product in or on electrical equipment due to the possibility of shock hazard.
