**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Hay Green is a buffered propionic acid for use as a preservative in processing high moisture hay, corn*, grain silage*, (barley, corn, oat, sorghum, and wheat), haylage*, and feed blends*. It can be used post-harvesting or for maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

**FOR USE ON HAY**: Spray Hay Green on the hay as it is fed into the baler using the application rate indicated by the chart below:

**FOR USE ON SILAGE, HAYLAGE, AND FEED BLENDS** (Except in California):

1. Avoid baling if the silage moisture level exceeds 30 percent.
2. Always check the hay moisture level before baling high moisture hay.
3. For rain-on-hay or poorly ventilated storage, increase the application rate by 4 - 5 lb/ton.
4. Make sure that the spray nozzle’s openings and placement are such that good coverage is obtained.
5. Make sure that the storage area for the baled hay is well ventilated.
6. Do not store untreated dry hay on top of treated wet hay.

**FOR USE ON CORN (Except in California)**:

1. Make sure the silo does not have any cracks or holes that will allow air leakage.
2. Harvest full dent and at the proper moisture level:
   - Ground corn: 28 - 34% moisture
   - Cracked or rolled corn: 24 - 30% moisture
3. Ensilage rapidly with uniform distribution in the silo and all kernels cracked.
4. Apply at the correct rate based on the moisture content.
5. Pack well for good fermentation. Seal off with plastic sheeting. It is good practice to feed off the top four feet before sealing as good compaction is not possible near the top.

**WARRANTY DISCLAIMERS AND NOTICE**

It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the registrant, the manufacturer or seller. In no case shall the registrant, the manufacturer, or seller be liable for the consequences, special, or indirect damages resulting from the use of this product. All risks shall be assumed by the buyer or user. Except as expressly provided herein, the Registrant, the Manufacturer, or Seller make no warranties, guarantees, representations of any kind, either express or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to, merchantability fitness for a particular purpose, use or eligibility of the product for any particular trade use. To the extent consistent with applicable law, buyer’s or user’s exclusive remedy, and the registrants, the manufacturer’s or seller’s liability, shall be for damages not exceeding the cost of the product. No agent or employee of the registrant or seller shall be able to amend the terms of this label.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER/PELIGRO: Corrosive. Causes irreversible eye damage. Do not get in eyes. Harmful if swallowed or absorbed through skin. Avoid contact with skin or clothing. Avoid working near high concentrations of spray mist/vapor. Use with adequate ventilation. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing immediately before reuse.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Applicators and other handlers must wear:
- Goggles or face shield when loading application equipment unless a closed loading system is used.
- Chemical resistant gloves
- Chemical resistant aprons
- Chemical resistant footwear

**USER SAFETY RECOMMENDATIONS**

Users should:
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**

For terrestrial uses. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washing water or rinsate.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**STORAGE**: Seal tightly. Do not store in direct sunlight. Store above zero degrees Fahrenheit.

**PESTICIDE DISPOSAL**: Pesticides wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide/Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING**: Non-refillable container. Do not reuse or refill this container.

**First Aid**

IF IN EYES - Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. If SWALLOWED - Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED - Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN** - Probable mucosal damage may contraindicate the use of gastric lavage.

See side panel for additional precautionary statements.

**ACTIVE INGREDIENT**: Propionic Acid........................................68.00%  
**OTHER INGREDIENTS**: ..................................................32.00%  
**TOTAL**: ........................................................................100.00%  

**KEEP OUT OF REACH OF CHILDREN**

If you do not understand the label, find someone to explain it to you in detail.
