- If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. 
- If in eyes: Wash out with plenty of water. 
- If on clothing: Remove clothing as soon as possible. 

**NOTE TO PHYSICIAN:**Contains petroleum distillate which may cause necessitate IV resuscitation. 

**Environmental Hazards:**
This product is toxic to fish and aquatic organisms. Do not contaminate water by pouring spray or directly applying it. 

**Toxicity to Humans and Domestic Animals:**

**Ants:**
Spray around ant trails and hills. Spray around nests hidden under steps, 12 to 18 inches from surface to be treated and spray infested surface of patio or picnic area, hitting as many insects as possible. Do not spray on lawns or under trees. 

**Spiders:**
Spray pet resting quarters. Adult fleas and larvae contacted by spray will be killed. Put fresh bedding down once spray has been applied. Spray under beds and other places where ants enter premises and where they crawl and hide. 

**Carpet Beetles (Black, Furniture, and Varied):**
Apply thoroughly to all areas where these pests crawl and hide, especially edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. 

**Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks:**
Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on clothes. Do not apply to clothing. 

**Webbing Clothes Moths:**
Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on clothes. Do not apply to clothing. 

**Boots, Shoes, Slippers, and Slugs:**
Spray rests and doors directly. Aim spray to slightly moisten the surface. Also spray legs of tables and chairs to repel ants. 

**Lone Star Ticks, Dog Ticks, Crickets, Fleas and Earwigs:**
Spray nests and bees directly. Aim spray to slightly moisten the surface. Repeat as necessary but do not more than once per week. 

**Flies:**
These include: Call your local solid waste agency for disposal if a product contains petroleum distillate.
