SUPER-SAN is a Peroxyacetic Acid-Based Sanitizer/Disinfectant Developed for the Institutional/Industrial Sanitizing of Previously Cleaned Non-Porous Food Contact Surfaces in Dairies, Beverage Plants and Food Plants

ACTIVE INGREDIENTS:
Hydrogen Peroxide..............................................26.5%

Peroxyacetic Acid...............................................4.9%

INERT INGREDIENTS................................................68.6%

TOTAL.................................................................100.0%

Before Using This Product, Please Read This Entire Label Carefully.

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID
In case of contact, wash affected area with plenty of soap and water. For eyes, flush with plenty of water for at least 15 minutes. For skin, wash thoroughly with soap and water. If swallowed, give 1-2 tbsp of baking soda or 1 cup of milk. Do not induce vomiting. If breathing is difficult, give artificial respiration. Do not give anything by mouth to an unconscious person. Always keep container with product close by. If you get any in your eyes, wash them with plenty of water. Do not rub them. If any of this product gets into the eyes, call a poison control center or doctor immediately.

IF EXPOSED TO THE SKIN OR CLOTHING: Wash clothing or shoes thoroughly with soap and water. If the exposure was severe, call a poison control center or doctor immediately.

IF INHALED: Remove person from the contaminated area. If not breathing, call 911 or an ambulance. If breathing, give artificial respiration. If not breathing, call a poison control center or doctor immediately.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not attempt to induce vomiting.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if inhaled or absorbed through the skin. Harmful if swallowed. Do not breathe vapors or spray mist. Do not get in eyes, on skin or on clothing. Wear goggles and/or face shield and rubber gloves when handling. Do not enter an enclosed area without proper respiratory protection. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Corrosive. Mix only with water. Product must be diluted in accordance with label directions prior to use. SUPER-SAN is not combustible; however, at temperatures exceeding 160°F, decomposition occurs releasing oxygen. The oxygen released could initiate combustion.

ENVIRONMENTAL HAZARDS

This product is toxic to birds, fish, and aquatic invertebrates. Caution should be used when applying indoors because pets may be at risk. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the US Environmental Protection Agency.

STORAGE AND DISPOSAL

Storage and Disposal: Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in original containers in a cool, well-ventilated area, away from direct sunlight. Do not allow product to become overheated in storage. This may cause increased degradation of the product, which will decrease product effectiveness. In case of spill, flood area with large quantities of water. Do not store in a manner where cross-contamination with other pesticides or fertilizers could occur.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Storage and disposal: Do not contaminate water, food, or feed by storage and disposal.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container unless the directions for use allow a different (concentrated) product to be diluted in the container.

CONTAINERS 5 gallons or greater: Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty remaining contents into application equipment or mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip the container on its side and roll it back and forth ensuring at least 1 complete revolution for 30 seconds. Stand container on its end and tip back and forth several times. Empty rinsate into application equipment, mix tank, or store for disposal. Then offer for recycling, or dispose in a sanitary landfill or incineration if allowed by state and local authorities by burning.
