BY VETERINARIANS

PRECAUTIONARY STATEMENTS CONTINUED:
HAZARDS TO DOMESTIC ANIMALS
For external use on dogs and puppies only.
Do not use on puppies under 8 weeks of age and weighing less than 4 lb.
Do not use on dogs (male or female) intended for breeding, or on dogs that are pregnant or nursing.
Consult a veterinarian before using this product on debilitated, aged, or medicated dogs. Individual sensitivities, while rare, may occur after using any pesticide product. If signs continue, consult a veterinarian immediately. Certain medications can interact with pesticides.

Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Individual sensitivities, while rare, may occur after using any pesticide product. Consult a veterinarian immediately.

HAZARDS TO HUMANS
It is a violation of federal law to use this product in a manner inconsistent with its labeling. Refer to the package insert for complete directions for use.

PRECAUTIONARY STATEMENTS:
• Do not allow children to apply product.
• To prevent harm to you and your dog, read entire label and directions before each use.
• Follow all directions and precautionary statements carefully. Use on dogs only.
• Do not use on dogs (male or female) intended for breeding, or on dogs that are pregnant or nursing.
• Do not use on other animals.
• Do not apply more than once per month.
• Do not have contact or allow children to have contact with treated area until it is completely dry. • Do not allow children to have contact with treated area on debilitated, aged, or medicated dogs. Individual sensitivities, while rare, may occur after using any pesticide product. If signs continue, consult a veterinarian immediately. Certain medications can interact with pesticides.

RESTRICTIONS:
• Do not use dog product on cats.
• If partly filled, store container in an upright position.
• If empty, do not reuse the container. Place in trash or offer for recycling if available.

FIRST AID:
If In eyes: Hold eye open and rinse slowly and gently with water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a physician if irritation persists.
If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 minutes. Call a poison control center or doctor for treatment advice.
If swallowed: Call poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If inhaled: Remove to fresh air. If breathing is difficult, get medical help immediately.

HAZARDS CONTINUED ON SIDE PANEL

Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Individual sensitivities, while rare, may occur after using any pesticide product. If signs continue, consult a veterinarian immediately. Certain medications can interact with pesticides.
