IRGAGUARD® D 1071

An Algaecide for Use in the Manufacturing of the Following Aqueous, and Solvent Compositions Only: paints, coatings, stucco, stains and caulks to inhibit or control the growth of algae on the treated surfaces.

ACTIVE INGREDIENT:
N-Cyclopropyl-N-(1,1-dimethylthyl)-6-(methylthio)-1,3,5-triazine-2,4-diamine...........................................98.6%
Inert Ingredients..................................................1.4%
Total.....................................................................100.0%

EPA Registration No. 40810-15
EPA Establishment No. 70404-AL-002
No. 69829-IL-001
No. 011803-IS-001

KEEP OUT OF REACH OF CHILDREN

CAUTION
IRGAGUARD® D 1071 is a trademark of BASF

IMPORTANT: Read the entire directions for use before using this product.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. An algaecide for use in the manufacture of the following aqueous and solvent compositions only: paints, coatings, stucco, stains and caulks to inhibit or control the growth of algae on the treated surfaces. This product may be used at a level ranging from 0.03 to 4 % by weight in the final formulated products. The manufactured products are for outdoor use only, are not to be used in products that may come in contact with water, and are not to be used on wood or any other treated material which is to be used for food, feed, potable water, livestock, dairy animals or living plants.

STORAGE AND DISPOSAL
Nonrefillable container. Do not reuse or refill this container. Do not contaminate water, food or feed by storage or disposal. Store in a dry location. PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed off on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into formulation equipment. Offer for recycling, if available. Otherwise dispose of the liner and drum in a sanitary landfill or by incineration if allowed by state and local authorities.

PRECAUTIONARY STATEMENTS
Hazard to humans and domestic animals. Causes Eye Irritation.
CAUTION
Harmful if swallowed, inhaled or absorbed through the skin. May cause skin sensitization in sensitive individuals. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

FIRST AID
If Inhaled:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice if swallowed:
• Call poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

ENVIRONMENTAL HAZARDS:
This algaecide is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of NPDES permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
