DIRECTIONS FOR USE

IMPORTANT: READ BEFORE USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CONDITIONS:

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product.

The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience LP. All such risks shall be assumed by the user or buyer.

This product is specially designed for control of small cockroaches, such as German and Brown banded roaches, in any area where they are a problem, such as residential, warehousing and commercial establishments, pet shops, zoos, basements, buses, boats, trains, and aircraft.

Injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience LP. All such risks shall be assumed by the user or buyer.

The transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum. This product is an odorless bait, designed to attract cockroaches by use of food attractants.
