ADAMS®
Flea & Tick Spot On® For Dogs

DIRECTIONS FOR USE:

Do not use on dogs less than 6 lbs or puppies less than 10 weeks of age.

For external use only. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to etoproposate can cause skin irritation. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide.

Avoid contact with eyes or clothing. Wash hands not reused tube. Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION:

Do not use on dogs less than 6 lbs or puppies less than 10 weeks of age.

For external use only. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to etoproposate can cause skin irritation. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your dog/puppy with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Some dog/puppies may experience hair loss or temporary skin irritation at the application site. If signs persist or become more severe, contact veterinarian immediately and report incident to company at 888-974-3969.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-30 minutes.

If skin irritation occurs or if a rash persists, discontinue use and consult a veterinarian.

Do not use on dogs/puppies being treated for heartworm or within 30 days of any other treatment (including health concerns, medical emergencies, or pesticide incidents), you may also call your local veterinary before using this product on debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide product.

SUSTAINABILITY:

This product works by application directly to the dog’s skin and tail.

Do not allow children to apply this product. Do not reapply this product for 30 days unless re-treatment is required. If required, you may reapply product after 8 days following the initial treatment. Do not use more than one product per dog/puppy and do not retreat more than once per month.

Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy. Do not spread the product by hand over the dog/puppy.

Although the dog/puppy’s skin and hair will distribute the material over the skin, do not spread the liquid by hand over the dog.

For Large Dogs (56 - 80 lbs)

For Extra Large Dogs (101 - 169 lbs)

For Extra Large Dogs (170 lbs or more)

DOSEAGE: 1 application every 30 days per dog

In case of emergency or for product information call 1-800-234-2269
