1PAD-DIE CUT-Pad
ADAMS®
Flea & Tick Spot On® for Dogs

DIRECTIONS FOR USE:
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

READ ENTIRE LABEL BEFORE EACH USE. FOR USE ONLY ON DOGS/PUPPIES (10 WEEKS OF AGE OR OLDER), DO NOT USE ON OTHER ANIMALS

Read and follow all directions and precautions on this product label.

STORAGE AND DISPOSAL: Pesticide Storage:
1. Pad-Die Cut-Pad
2. 6+3/4 x 8+1/2
3. Sensitivities may occur after using ANY pesticide aged, pregnant, nursing, or animals on medication.
4. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION DO NOT USE ON DOGS LESS THAN 6 LBS OR PUPPIES LESS THAN 10 WEEKS OF AGE.
For external use only. Causing moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to ethylene oxide can cause skin irritation. Consult a veterinarian before using this product on dehydrated, aged, pregant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your dog/puppy with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Some pesticides may experience hair loss or temporary skin irritation at the application site. If signs persist or become more severe, contact veterinarian immediately and report incident to company at 800-234-2269.

FIRST AID: If in eyes: Hold eye open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present, after first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical management, or pesticide identity), you may also call 800-234-2269, 24 hours a day/week.

SIDE EFFECTS: Monitor your dog after application. Side effects may include signs of skin irritation such as redness, itching, scratching, or other signs of discomfort. Guttate/focal skin signs such as spotting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian at 800-234-2269.

USING THE APPLICATOR:
1. OPEN. Use finger scoop to lift open door.
2. LOAD. To Load, place tube WHITE SIDE UP under the blue tube.
3. CLOSE. Close the blue door and the tube will snap open.
4. APPLY. The dog/puppy should be standing for easy application. To apply, use tip to part hair and get close to dog/puppy’s skin. Press circle on blue door once at each of two evenly placed spots between the shoulder to the base of the tail.
5. DISPOSE. To dispose of empty tube, open blue door and drop empty tube into trash or offer for recycling if available. Close applicator device door and store in original package.

DO NOT USE ON CATS
Keep cats away from treated dog/puppies for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

Applicator U.S. patent numbers: 6072563 and 6072549; other patents pending.

EPA/Reg. No. 2724-A1-120
EPA Est. No. 2724-TX-1

FOR USE ONLY ON TOY DOGS/PUPPIES (10 WEEKS OF AGE OR OLDER):
To apply the treatment, use one disposable liquid tube with the applicator device.

OPEN. Use finger scoop to lift open door.

LOAD. To Load, place tube WHITE SIDE UP under the blue tube.

CLOSE. Close the blue door and the tube will snap open.

APPLY. The dog/puppy should be standing for easy application. To apply, use tip to part hair and get close to dog/puppy’s skin. Press circle on blue door once at each of two evenly spaced spots between the shoulder to the base of the tail.

Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy. Do not spread this product by hand over the dog/puppy. Although the dog/puppy is skin and hair will distribute the solution over the entire dog/puppy, brushing the dog/puppy 24-48 hours after treatment will help to distribute the material over the skin.

Note: Each package contains sufficient tubes for 3 applications.
