Total: 100.000%
* cis-trans isomers ratio: Min. 35% (+ or -) cis and Max. 65% (+ or -) trans

PRODUCT FACTS
APHID & WHITEFLY SPRAY contains a combination of ingredients that provides rapid knockdown and kill of listed insects. This highly effective water-based formula can be used on flying and garden insects, and outdoor plant, and ornamental pests.

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling. READ ALL DIRECTIONS COMPLETELY BEFORE USE.

INDOOR USE: Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Spray surface areas and contact as many insects as possible.

OUTDOOR USE: Do not water the treated area to the point of run-off. Do not make applications during rain. All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Applications to lawns, turf, and other vegetation. All outdoor applications to impervious surfaces such as sidewalk, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.

Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Take precautions to avoid spraying when wind conditions could create a mist that may blow back to applicator. Do not apply this product in or around bodies of water.

NOT FOR USE ON EDIBLE CROPS

For use on ornamental plants, shrubs, vines.

WHEN SPRAYING, HOLD CAN 24 – 36 INCHES FROM PLANT. Take precautions when spraying tender or new growth on young plants. First, spray these plants on a few leaves to ensure plant safety before spraying entire plant. For best results, apply in short bursts and spray in the evening or on a cloudy day when air is still. Lightly mist plants. Use a slow sweeping motion. Avoid excessively wetting plant foliage with spray. Spray plants at the rate of one (1) linear foot per second. For heavy growth, spray both sides of plants. Do not spray when temperature exceeds 90°F.

FIRST AID
IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.
