DISINFECTION PERFORMANCE: This product kills the following bacteria in 10 minutes at 3 x 10⁵ of (water 450 ppm) and 5% soil on hard, non-porous surfaces: Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus. VIRECIDA® PERFORMANCE: This product kills the following viruses in 10 minutes at 3 x 10⁵ of (water 450 ppm) and 5% soil on hard, non-porous surfaces: Avian Influenza A (H5N1) Virus, Avian Influenza H7N2 Virus, Avian Influenza H7N7 Virus, Avian Influenza H9N2 Virus, Herpes Simplex Type 2 Virus, Human ImmunoDeficiency Virus Type 1 (HIV-1), Human Immunodeficiency Virus Type 2 (HIV-2), Human Parainfluenza Virus A2-Hong Kong Virus, Influenza A/393/55 Virus, Norovirus (Norwalk-like Virus), Vaccinia Virus (Smallpox Vaccinia Virus). 4 Indicates a 2-minute contact time is required for this claim. 

CONTACT SANITIZING PERFORMANCE: This product controls the following mold at 3 x 10⁵ of (water 450 ppm) and 5% soil on hard, non-porous surfaces for up to 7 days: Aspergillus niger, Penicillium chrysogenum, and Saccharomyces cerevisiae.

ACTIVE INGREDIENTS: 
- Alkyl (50% C14, 40% C12, 10% C16) Dimethyl Benzyl Ammonium Chloride ............................................................... 4.0% 
- Octyl Decyl Dimethyl Ammonium Chloride .................................................. 3.0% 
- Dimethyl Benzyl Ammonium Chloride ........................................................... 3.0% 
- Didecyl Dimethyl Ammonium Chloride ......................................................... 1.5% 
- Didecyl Dimethyl Ammonium Chloride ......................................................... 1.5% 
- KC-634 ........................................................................................................... 0.95% 

TOTAL: 100.0%

KEEP OUT OF REACH OF CHILDREN

PREGNANCY AND BREASTFEEDING: Not known to be harmful to the mother or the developing fetus. Not known to be harmful to the nursing infant. When used as directed, this product is not expected to affect reproduction capacity.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray. Do not get in eyes, on skin or on clothing. Wear rubber gloves and a face shield or mask before applying. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into streams, lakes, ponds, estuaries, oceans or other waterways in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewers or storm drains. Do not allow this solution to be sprayed directly on food. Controlled volumes of sanitizer are applied to conveyors and other equipment and to prevent puddles on top of belt. During interruptions in operation, apply solution using a coarse spray device. Do not let sanitizing solution come into contact with exposed skin. After applying solution, allow gloves to remain on for at least 2 minutes to thoroughly wet and sanitize all parts of the system.

FOOD CONTACT SANITIZING DILUTION TABLE: To prepare a 150, 200, 300 or 400 ppm active solution use the following dilution table. Prepare the correct dilution rate based upon the appropriate use site.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in a cool, dry, well-ventilated area.

DISPOSAL: Do not dispose of in sewers, storm drains, or surface water bodies. Do not dispose of in or on water, food, or feed by spraying or placing into the atmosphere. Do not apply directly to water, but may be applied to depressurized tanks or transfer tanks. Do not contaminate water sources or aquatic vegetation. Treat wastewater prior to discharge to comply with the requirements of Article 67 of the primerquadruple act.
