**Directions for Use**

How to open:
1. Remove product tube from the package.
2. Separate one tube from the others.
3. Hold the tube with notched end point-up and away from the face and body. Use scissors to cut off the narrow end of the tube at the site of product application. Certain medications can interact with pesticides. Sensitivities, while rare, may occur after using any pesticide product. Some dogs may experience temporary startle effects when dosing. Consult a veterinarian before using on medicated, debilitated or aged dogs. Call 1-855-777-0658 for 24-hour assistance.
4. Use Spectra Sure® for dogs monthly for complete control of flea, tick and chewing lice infestations. Studies show that Spectra Sure® remains effective, even after bathing, water immersion, or exposure to sunlight. Allow treated area to dry thoroughly. Do not reapply for 30 days.
5. Do NOT split tubes between pets.

How to apply:
1. Weigh your pet. Read the label completely and follow directions.
2. Do not use on puppies under 8 weeks of age. Use entire contents of tube on each dog. Do not use multiple tubes on one dog.
3. Do not use on dogs with known organ dysfunction. Dogs may experience some temporary irritation of the skin, as directed below. Do not apply more often than once every 4 weeks.
4. Do not apply Spectra Sure® on the neck or head of the dog. Do not apply Spectra Sure® after application of any other topical or oral flea, tick, or lice preventative. Do not apply Spectra Sure® after the dog has been treated with any other tick preventative. Do not apply more than one pesticide product at a time.
5. Do NOT use on puppies under 8 weeks of age. Do NOT use on rabbits. Do NOT use on other animals. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CAUTION

Precautionary Statements

For external use only. Do not use on puppies under 8 weeks of age. Individual sensitivities, while rare, may occur after using any pesticide product. Some dogs may experience temporary startle effects when dosing. Consult a veterinarian before using on medicated, debilitated or aged dogs. Call 1-855-777-0658 for 24-hour assistance.
