**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

- Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, or smoking. Do not handle contaminated clothing and wash before reuse.
- Remove pets, birds (except in commercial poultry operations), and cover fish aquaria before spraying.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to tidal areas below a mean high water mark. Do not contaminate water when disposing of equipment washwaters.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**READ ALL DIRECTIONS COMPLETELY BEFORE USE.**

**General Restrictions and Precautions**

For all space spraying operations: Do not remain in treated areas. Exit area immediately and remain outside the treated area until aerosols, vapors and/or mists have dispersed. Do not re-enter treated area for 2 hours. Thoroughly ventilate the treated area before re-entry.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. All contact surfaces should be covered or washed with an effective cleaning compound followed by a portable water rinse after use of the product and before food contact.

Do not exceed the dosage rate of 0.335 oz. (9.5 grams) per 1000 cubic feet.

**FOR INDOOR USE ONLY.** IGR should be applied only with the appropriate high pressure gun and hose or through a fixed spray system. The portable system with its hand-held gun will produce a specific discharge rate, expressed in grams per second, depending on the nozzle size used, in a semi-portable system, or through a fixed installation, a dosing cylinder of a designated fill weight is connected to a nozzle system, thereby permitting a fixed dosage rate. This is calculated from the total cubic capacity of the premises. Different sizes of dosing cylinders ensure control of the application rate. Where the dosing cylinder is filled from a supply cylinder, leave the valve open in the fill position prior to fogging for ten minutes to allow the pressure to balance. Turn the valve from the fill position to the fog (spray) position to release insecticide and propellant. The semi-portable system can also be operated on a timer without a dosing cylinder. Do not apply this product outside the temperature range of 50-95°F.

**INDOOR USE – SPACE SPRAY**

**INDOOR USE AREAS** (for use in and around):

**DOSEAGE:** Apply as a space spray at a rate of 0.335 oz. (9.5 grams) per 1,000 cubic feet of room space. Do not remain in treated area and ventilate, shut off all HVAC equipment. The area should be closed for a minimum of 2 hours after treatment to ensure proper dispersal and distribution if necessary. The active ingredient in IGR is similar to insect growth hormones that occur naturally in insects and acts on the immature life stages of the insect pests, preventing immature stages of the insect pests from developing into reproductive adults. For high populations of insect pests or for initial clean out, the adult stages, IGR may be rotated in a control program to give continuous insect control.

**TREATMENTS IN STORED FOOD AREAS:** Foods in multi-walled bags, cloth bags or other packaging stored in such areas as listed above, should be destroyed, fumigated or treated by other effective methods using an approved product intended for the purpose.

**TREATMENTS IN FOOD HANDLING ESTABLISHMENTS** (Places other than private residences in which food is held, processed, prepared or served):

**NON-FOOD AREAS:** IGR may be used to treat nonfood areas which include areas such as garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling).

**FOOD AREAS:** IGR may be used to treat food areas and may be used in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or served. May be used in serving areas or areas where prepared foods are served, such as dining rooms, Food areas include areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage, and enclosed processing systems (mills, dairies, edible oils, syrups).

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** This cylinder must be checked periodically. A detector cylinder should not be used. A cylinder that has parts missing, is plainly worn or distorted should be replaced immediately. Store upright in a cool and dry area.

**PESTICIDE DISPOSAL:** Pesticide that cannot be used according to label instructions must be returned to the point of purchase in its original container.

**CONTAINER DISPOSAL:** Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose.

This cylinder must not be disposed of in any manner. Cylinders must be returned to point of purchase for credit. All cylinders, valves and caps remain the property of the manufacturer. Federal regulations prohibit the refilling of cylinders without written consent of the manufacturer.

**NOTICE TO USER:** It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Chem-Tech, Ltd., the manufacturer or seller. To the extent consistent with applicable law, Chem-Tech, Ltd., the manufacturer or seller shall not be liable for consequential, special or indirect damages resulting from the use or handling of this product. Except as warranted by this label, Chem-Tech, Ltd., the manufacturer or seller makes no warranties, guarantees, or representations of any kind, express or implied, or by usage of trade, statutory or otherwise, with regard to the product solid or use of the product, including, but not limited to, merchantability, fitness for a particular purpose or use, or eligibility of the product for any particular trade usage. To the extent consistent with applicable law, buyer's or user's exclusive remedy, and Chem-Tech, Ltd.'s, the manufacturer's or seller's total liability shall be limited to damages not exceeding the cost of the product.
