FLYING INSECT KILLER

SLIMMONS

For use on insecticidal soap and other insecticides. Do not use on food, feed, or vegetables.

Since treatment may damage non-target species, care should be taken to avoid spraying on non-target plants or surfaces.

Application should be made only when flying insects are present and sunlight is adequate for spraying.

Recommended treatment rates: 1 oz per 1,000 sq ft.

Keep out of reach of children.

Keep away from eyes and mouth and do not eat or drink.

In case of contact with eyes, wash with大量水 and seek medical attention immediately.

In case of ingestion, do not induce vomiting.
