**Spreader Settings**

- Scott Drop Spreader
- EZ Broadcast, Republic
- Rotary

**DIRECTIONS FOR USE**

- **Vegetable Gardens**
  - Evenly apply a 2 foot wide band next to the house/home foundation.
  - Use 1.0 lb of product for a 500 sq. ft. area.
  - This product is a pyrethroid. If large amounts have been ingested, milk, cream or other digestible fats and oils may increase the potential for toxicity.

- **Ornamentals & Flowers**
  - Apply 0.5 to 1 lb. evenly over each 500 sq. ft. area.
  - Repeat if there are signs of renewed insect activity.

- **In New York State, do make a single repeat application of this product if there are signs of renewed insect activity, but not sooner than two weather, 65 to 80 F, in early or mid-season, after mowing, or 3 teaspoons of granules to lawn. For best results, apply in cool or 30 F, in late season, 40 to 50 F.**
