First Aid
IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses (if present and easy to remove) after the first 5 minutes. Then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF INHALED: Remove victim to fresh air. If person is not breathing, call 911 or an ambulance. Then give artificial respiration, if necessary. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor for treatment advice. Have person sit on the floor in a reclined position. Do not induce vomiting unless told to do so by a Poison Control Center or doctor.

NOTES TO PHYSICIAN: Prognosis depends on the extent of exposure and the individual’s condition.

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS
DANGEROUS: Causes irreversible eye damage or skin burns. Harmful if swallowed, inhaled, absorbed or ingested. Do not get in eyes, on skin or on clothing. Avoid breathing vapor or spray mist. Wash hands before eating, drinking, chewing gum, using tobacco or handling the container. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS
Mix only with water following label directions. Do not mix with chlorinated cleaners or sanitizers. This chemical may form highly reactive chlorine gas. Contact with metal may generate hydrogen gas. Warning: Contains sulfuric acid. This product is toxic to fish. Keep out of lakes, ponds or streams. Do not contaminate water by discharge into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE
FOLLOW STATE AND LOCAL HEALTH DEPARTMENT REGULATIONS FOR CLEANING AND SANITIZING MEAT AND POULTRY PLANTS.

CONTAINER HANDLING:
For non-refillable containers equal to or less than 5 gallons: Non-Refillable Container. Do not refill or repackage this product. Place the container 1 foot away from water; may contaminate water and may require more time for thorough rinsing. For non-refillable containers greater than 5 gallons: Non-Refillable Container. Do not reuse or refill this product. Place the container 1 foot away from water; may contaminate water and may require more time for thorough rinsing.

PESTICIDE DISPOSAL:
Toxic and hazardous; improper disposal of excess pesticides, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or your local or national authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE:
Store only in original container. Keep container closed when not in use and under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its use.

DISABLING PIGMENTS:
Some pesticides contain pigments to make the solution identifyable as a pesticide. These pigments will not harm the environment, the operator or the consumer. The pigments are readily washed away:

ESTIMATION OF EFFICACY:
The effectiveness of this product may be estimated by:
