**Directions for Use**

**Barbicide Spacide Complete** is a phosphate-free, pH neutral formulation designed to provide effective disinfection against a wide range of pathogens.

1. **Surface Disinfection**: Pour fresh solution at 1 ounce of Barbicide Spacide Complete per gallon of water. Apply fresh solution daily. No need to pre-clean. Fresh solution begins activity immediately. After 5 minutes, flush or rinse with water. For 30 minutes, allow solution to circulate, then flush or rinse with water. No need to allow to dry.

2. **Equipment Disinfection**: Pour fresh solution at 1 ounce of Barbicide Spacide Complete per gallon of water. Apply fresh solution daily. No need to pre-clean. Fresh solution begins activity immediately. After 5 minutes, flush or rinse with water. For 30 minutes, allow solution to circulate, then flush or rinse with water. No need to allow to dry.

3. **Waste Disposal**: Do not mix or discard used solution in household or municipal waste. Follow all local guidelines for waste disposal. After use, cap and dispose of container in accordance with local guidelines.

**Natural Ingredients**

- **Ammonium Hydroxide**: 1.628% • Partially neutralizes organic material.
- **Octyl Dimethylphenyl ammonium chloride**: 0.5%
- **Butylaminopropyl dimethylphenyl ammonium chloride**: 0.5%
- **Cetylpyridinium chloride**: 0.5%
- **Decon-90 (Decon-90, Inc.)**: 0.5%
- **Nonoxynol-10**: 0.5%
- **Triton X-100**: 0.5%
- **Lactic Acid**: 0.5%

**Precautionary Statements**

**First Aid Measures**

- **Inhalation**: Get fresh air. Call a doctor if symptoms persist.
- **Eye Contact**: Wash with water. Call a doctor if symptoms persist.
- **Skin Contact**: Wash with water. Call a doctor if symptoms persist.

**Disposal**

- **Do not mix or discard used solution in household or municipal waste. Follow all local guidelines for waste disposal. After use, cap and dispose of container in accordance with local guidelines.**

**Stability**

- **Incompatibilities**: Avoid mixing with oxidizing agents or strong acids.

**Storage & Disposal**

- **Storage**: Store in a cool, dry place. Do not freeze.
- **Disposal**: Follow all local guidelines for waste disposal. After use, cap and dispose of container in accordance with local guidelines.

**Container Information**

- **Net Contents**: 1 gallon (3.785 L)
- **Product Code**: 17922 55401 6
