RTU is an effective treatment for Bryophytes including Moss, Liverwort, Hornwort. RTU kills Moss in one application when applied according to the Directions for Use.

**Net Contents:** One U.S. Gallon (128 fl oz.)

RTU is an effective treatment for killing Lichen.

RTU is ready to use. Apply as a spray, sweeping across the moss, wetting the entire moss patch to get a thorough treatment. For best results, use on a sunny day with temperatures of 50°F (10°C) or above. Rain and cold temperatures decreases its effectiveness. Excessive thick patches may require more than two applications. RTU is an effective treatment for Bryophytes including Silvery Thread Moss.

This product can be applied to potting media including soil, dirt, bark, sand, compost and vermiculite to kill moss. Shake bottle vigorously before using. Spray to spot treat and wet the entire moss patch. Confine spray to moss and a 2 inch perimeter around it.

For use on: Golf Greens, Yard, Mats, Pools, Landscape Structures, Walls, Wooden Decks & Fences, Pavements, Roofs, and Potting Media
