**CAUTION:** Hazards to Humans and Domestic Animals

**NOTICE:** To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

**PRODUCT INFORMATION:**

**SCOTTS® LAWN PRO® STEP® 1 CRABGRASS PREVENTER PLUS LAWN FOOD 5M 39181-2**

**Facts about Crabgrass**

- Crabgrass is a common weed that can be a problem in lawns.
- Apply in early spring to prevent germination of crabgrass and other existing weeds.
- Crabgrass and other weeds can be killed with STEP® 2 Weed Control plus Lawn Food.

**APPLICATION:**

- Apply header strips, then apply in the longest direction of lawn. For best results, use a Scotts® spreader.
- Shut off spreader or stop each time you reach a header strip. Cover 5,000 sq. ft. This package applies 2.67 lbs of product per 1,000 sq. ft.

**SEEDING/SODDING/SPRIGGING:**

- Important: Do not rake or aerify for 4 months after application to avoid disturbing the layer of soil to the crabgrass seeds.
- Do not apply this product in a way that will contact any person or pet, either directly or through residue on treated areas. This product is harmful if inhaled. Do not enter or allow others to enter the treated area until dust has settled.
- Apply in early spring. Do not seed or sod for 4 months following application.
- Dust from rainfall or watering within 2-3 days after application will not affect the performance of this product.
- Apply in August or September to prevent germination of Poa annua and chickweed.

**STORAGE AND DISPOSAL:**

- Staining Note: Can cause staining to cement, stone, metallic surfaces (such as automobiles, and garden furniture), clothing or shoes. If contact occurs, wash immediately with soap and water.

**USER SAFETY RECOMMENDATIONS:**

- **CAUTION:** Hazards to Humans and Domestic Animals

It's Easy for You to Have a Better Lawn

You can begin the Annual Program anytime of the year. Just check the month and select the appropriate STEP® listed. Apply the remaining steps at two-month intervals. If weeds are not a problem, apply STEP® 4 Fall Lawn Food.

SPREADING TIPS

- Make sure Scotts® spreader wheel completely overlaps previous wheel marks.
- Apply in Early Spring
- Apply twice during crabgrass season. Use ACTIVELY GROWING CRABGRASS:
  - For control a repeat treatment is recommended after 6-8 weeks.
- Covers 5,000 SQ FT
