WHAT IT DOES:
Prevents and cures diseases including Powdery mildew, Black spot, Blight and Leaf spot. Kills insects on contact. Can't be washed off by rain.

WHERE TO USE:
Outdoors on roses, flowers and shrubs.

QUESTIONS & COMMENTS:
Call 1-800-817-5438 or visit our website at www.spectracide.com

HOW TO TREAT:
1. Shake well before using.
2. Begin early in the season. Start treating when insects first appear or conditions favoring disease start to develop.
3. Hold can upright and at least 13 inches from foliage while spraying.
4. Spray with a slow, sweeping motion, covering both upper and lower leaf surfaces and the stem.
5. For best results, repeat every 10 to 14 days. Wash hands with soap and water promptly after use and after contact with treated plants on day of application.

USE TIPS:
- When using this product on plants not listed, but on a small area first.
- Do not spray if temperature is above 90°F as damage to some edible plants can occur.
- Spray early in the morning or late in the evening, when air is still.
- It may cross before products dried, rapidly.

SENSITIVE PLANT CARE
Use with care on ferns, palms and fuchsias. As with all plants, especially corns, chrysanthemums and roses, there exists a wide variety of species and, therefore, a wide variety of absorptivity to injury. To test for plant sensitivity, spray a few plants as described above, wait 24 hours and check for possible injury.

STORAGE AND DISPOSAL
- Storing: Store in a cool area away from heat or open flame.
- Disposal: Do Not Pour Pesticide into Non-Refillable containers. Do not reuse or discharge into any body of water. Place in trash or offer for recycling if available. If label directed, call your local waste management agency for disposal instructions.

PRECAUTIONARY STATEMENTS
- Hazards to Humans and Domestic Animals CAUTION: Causes mucosal irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or using the toilet.

First Aid: 1. In Eyes: Hold eye open and rinse slowly and gently with running water for 15-20 minutes. Remove contact lenses if present, after the first 15 minutes, continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.
2. In Skin: Remove contaminated clothing and wash skin with soap and water. If irritation persists, get medical help.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish. Do not apply directly to water. Physical or Chemical Hazards Contains airtight pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause burning.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
