Contains Fipronil, the active ingredient used in Frontline® Top Spot®

**ACTIVE INGREDIENTS:**
- Fipronil: 9.70%
- Other ingredients: 90.30%

**TOTAL:** 100.0%

**PRECAUTIONARIES STATEMENTS**

**HAZARDS TO HUMANS, CAUTION.**
- Harmful if swallowed. Causes eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**HAZARDS TO DOMESTIC ANIMALS.**
- For external use only. Do not use on kittens under 8 weeks of age or weighing less than 3 lbs. Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Pets may experience some temporary irritation at the site of product application. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Call 1-800-275-1414 for 24-hour assistance.

**PHYSICAL OR CHEMICAL HAZARDS**
- Combustible. Do not use or store near heat or open flame.

**PESTICIDE DISPOSAL:**
- Non-refillable container. Do not reuse or refill this container. Be disposed of on site or at an approved waste disposal facility.

**PESTICIDE STORAGE:**
- Keep this product in its tightly closed original packaging. Store in a cool, dry area preferably locked.

**STORAGE AND DISPOSAL:**
- Do not store near food or feed storage and disposal.
- Pesticide Storage: Keep this product in its tightly closed original container, when not in use. Store in a cool, dry area (preferably locked) area that is inaccessible to children and animals.
- Pesticide Disposal: Materials resulting from the use of this product may be disposed of at the point of use or at an approved waste disposal facility.
- Container Disposal: Non-refillable container. Do not reuse or refill this container. After for recycling, it is not recyclable. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**FIRST AID**
- Have product container or label with you when calling a person control center or doctor, or going for treatment. You may also contact the Hotline 1-800-275-1414 for human and veterinary health concerns, emergency medical treatment information or pesticide incidents.

**IF SWALLOWED:**
- Call a poison control center or doctor immediately for treatment advice. Have product container or label with you when calling a poison control center or doctor. Offer for recycling, if available.

**IF ON SKIN OR CLOTHING:**
- Take off contaminated clothing. Rinse skin with plenty of water for 15 – 20 minutes. Call a poison control center or doctor immediately for treatment advice.

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF INHALED:**
- Remove to fresh air. If not improved, call a poison control center or doctor for treatment advice.

**DIRECTIONS FOR USE:**
- To kill fleas, all stages of Brown Dog Ticks, American Dog Ticks, Lone Star Ticks, Deer Ticks and chewing lice, apply to cats and kittens as follows: 1. Remove one applicator tube from the package and hold in an upright position pointed away from your face. 2. Twist dispensing tip clockwise about ¼ turn while pushing down to break the applicator’s seal. Do not remove the dispensing tip. 3. Position the dispensing tip on the cat’s back between the shoulder blades. Use the dispensing tip of the tube to part the cat’s hair so that the product will be applied at skin level. Squeeze applicator, applying entire contents in a single spot on the animal’s skin. Separate treated cat from other pets for 24 hours after treatment has been applied. 4. Reapply once per month.

**SIDE EFFECTS**
- Monitor your cat after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or any other side effects occur, consult your veterinarian or call 1-800-275-1414.

**FOR USE ONLY ON CATS & KITTENS 8 WEEKS AND OLDER WEIGHING 3 lbs or more**

**Hazard**
- Hartz® First Defense™ contains Fipronil. Fipronil collects in the oils of the skin and hair follicles, and continues to be effective in long-lasting activity against fleas, ticks and chewing lice. Can also be used on breeding, pregnant and lactating queens.

**Use**
- Does not contain water, feed, or food by storage and disposal.

**EPA Reg. No. 2566-164 EPA Est. No. 2566-0H-1**
