**Hazard to Domestic Animals**

**CAUTION:** Do not use on dogs or puppies less than 12 weeks old. Do not use on dogs or puppies weighing less than 5 lbs. Do not use this product on animals treated with tobacco or using the toilet.

**Hazard to Humans**

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**Hazards to Domestic Animals**

Do not use on other animals. Do not use on dogs or puppies less than 12 weeks old. Do not use on dogs or puppies weighing less than 5 lbs. Do not use this product on debilitated, aged, medicated, pregnant or nursing animals or on animals known to be sensitive to pesticide products without first consulting a veterinarian. Sensitivities, such as slight transient redness of the skin at the site of application, may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap, rinse with large amounts of water, and consult a veterinarian immediately.

**Environmental Hazards**

This product is toxic to fish.

**First Aid**

In eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **HOT LINE NUMBER:** Have the product container or label with you when calling a poison control center, doctor or veterinarian. **Sensitivities:** If signs of redness, scratching, or other signs of discomfort occur, consult your veterinarian. **Side Effects:** Monitor your dog after application. Side effects, although very rare, may include signs of skin irritation such as redness, itching, or other signs of discomfort. **Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-275-1414. **Pesticide Storage:** Do not store in the area in which it is used. Store in a cool, dry area. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on the premises in a manner consistent with its labeling. STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Keep this product in its tightly closed original container, when not in use. Store in a cool, dry, preferably locked area that is inaccessible to children and animals. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Non-refillable container. If empty: Offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down an indoor or outdoor drain. **For More Information Call Our Experts at 1-800-275-1414.**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **IMPORTANT! READ ENTIRE LABEL BEFORE EACH USE.**

1. Remove one applicator tube from the package and hold it in an upright position pointed away from your face.
2. Twist dispensing tip clockwise about ¼ turn while pushing down to break the tube’s seal. Do not remove the dispensing tip.
3. Position the dispensing tip on the dog’s back between the shoulder blades. Use the dispensing tip of the tube to part the dog’s hair so that the product will be applied at skin level. Begin squeezing out the contents of the tube to form a stripe as you move along the back of the dog. Do not remove the dispensing tip.
4. Repeat every month. Do not bathe your dog 48 hours prior to application.
5. Separate treated dog from other pets for 24 hours after treatment has been applied.

**CAUTION:** Do not use on cats. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian. **Do Not Use on Cats.** Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.
