Granular Shaker Jug. Will Cover Approximately 3,600 SQ. FT. 5 lbs.

This product is a highly effective formula for preventing most dog and cat damage to garden beds and plant areas, while preventing cats and dogs from leaving droppings in unwasted areas. This product works by smell, taste and feel, and may be applied indoors or out. Always test product on small area before making application to ensure that it will not adversely affect fabric and other surfaces.

DIRECTIONS
1) Shake container well before using.
2) Apply product liberally to turf, flower beds and other ground cover, making sure to apply an even amount to the area. When using on or near edible crops, apply the product when no above ground harvestable food commodities are present (usually pre-bloom).
3) This product can be applied in any climate or temperature.
4) Repeat application as needed, usually every 30 days.
