FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 min. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 – 20 min. Remove contact lenses, if present, after the first 5 min., then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-832-HELP 24 hr/day, 7 days/week.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Breathing spray mist may be harmful. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Personal Protective Equipment (PPE): Applicators and other handlers must wear the following: Long-sleeved shirt and long pants, socks, shoes, and gloves. Wear protective eyewear. Remove and wash contaminated clothing before reuse.

USER SAFETY REQUIREMENTS

Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the “Directions for Use” on this label very carefully.

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.
READ ENTIRE LABEL BEFORE EACH USE.

USE RESTRICTIONS

• Apply this product only as specified on this label.
• This product does not control bed bugs.
• Only protected applicators may initiate application. Exit area immediately after initiating application.
• Do not allow adults, children or pets to enter until vapors, mists and/or aerosols have dispersed, and the treated area has been thoroughly ventilated. Do not remain in treated area. Exit area immediately, and remain outside the treated area for at least 2 hr until aerosols, vapors and/or mists have dispersed.
• When using in homes: Remove or cover exposed food and drinking water, in the treatment area, before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not use in serving areas while food is exposed.
• When using in food areas of food handling establishments: Do not make applications when facility is in operation. Avoid contamination of food or feedstuffs. During applications, cover or remove food. During applications, cover food processing surfaces and equipment or clean after treatment with a suitable detergent and rinse with potable water before use. Do not use in serving areas (dining areas where prepared foods are served) while food is exposed or facility is in operation.
• Do not apply this product in hospital rooms while occupied or in any rooms occupied by the elderly or infirm. Remove patients from room prior to treatment and thoroughly ventilate (2 hr) after application. Do not return patients to room until after ventilation.
• Do not apply in classrooms.
• Do not apply more than 1 time/day

HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE
FOR USE IN: Homeowner Greenhouses, Garden Centers and Other Indoor Areas where plants are grown or produce is stored.
KILLS: Aphids, Fungus Gnats, Mites, Moths, Scale, Spider Mites, Thrips and Whiteflies
FOR USE INDOORS ON: Bedding Plants, Cut Flowers, Foliage, Hanging Baskets, Ornamentals, Potted Flowering Plants and in Storage Areas where Fruits, Nuts, Grains and Vegetables are stored post-harvest.
ALSO ON THESE GROWING CROPS:
Vegetables: Carrots, Cucumbers, Garlic, Garden Peas, Lettuce, Onion, Peppers, Potatoes, Pumpkins, Spinach and Tomatoes
Herbs: Basil, Chives, Fennel, Oregano, Parsley, Rosemary and Thyme
APPLICATION INSTRUCTIONS
SHAKE WELL BEFORE USING

To Use This Product Correctly: Do not use more than 1 fogger per room. Shut off exhaust fans and close all windows, doors and ventilators. Turn off all ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle on and off (i.e., refrigerator, thermostats, etc.). Do not place cans within 10 ft of running electrical appliances that cycle on and off. Call your gas utility or management company if you need assistance with your pilot lights.

Do not use in small, enclosed spaces such as closets, cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property.

Before Fogging: Remove or cover all exposed food, dishes, utensils, food processing equipment and food preparation surfaces. Remove pets and birds, cover and turn off fish aquariums prior to application. Turn off air flow systems in aquariums. Cover waxed surfaces (i.e. wood floors, furniture) and plastic dust covers in the immediate treatment area (newspaper may be used).

To Start Fogging: Apply during early evening when foliage is dry and temperature is between 60 – 80°F. Place can(s) on an elevated surface such as a stand, chair or table, so that the top of the can(s) is above the plant foliage, and clear a 3 ft area around the can(s). Cover the elevated surface and the 3 ft area with several layers of newspaper. Activate the can(s) by tilting the can away from face (container sprays straight up) and pressing the tab down in locked position. If using more than one can in an area, start with the can farthest away from the exit door. Do not remain in treated area. Exit area immediately and remain outside the treated area for at least 2 hr until aerosols, vapors and/or mists have dispersed. The entire contents will release automatically.
Airing Out: Keep the treated area closed and do not reenter for 2 hr, preferably overnight, following treatment. Thoroughly ventilate the treated area by opening windows, vents and doors for 2 hr. If an odor is still detected, additional ventilation is required.

USE FOR INSECT INFESTATIONS IN: Apartments, Food Storage Areas, Homes, Hospitals, Resorts, Restaurants and other Food Handling Establishments, Schools, Supermarkets, Transportation Equipment (Buses, Boats, Ships, Trains, Trucks and Aircraft Cargo Areas Only), Utilities, Warehouses and other Commercial and Industrial Buildings

† Refer to the “Use Restrictions” section for special instructions for these sites.

TO USE THIS PRODUCT CORRECTLY
Do not use more than 1 fogger per room. Do not use in small, enclosed spaces such as closets, cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use in a room 5 ft x 5 ft or smaller; instead, allow fog to enter from other rooms. [See associated pictograms under HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE.]

Before You Fog: Open cabinets, cupboards, drawers, closets and doors in areas to be treated. Remove or cover all exposed food, dishes, utensils, food processing equipment and food preparation surfaces. Remove pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums. Close outside doors and windows. Turn off all ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerator, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. [See associated pictograms under HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE.]

To Start Fogging: Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper, paper towels or plastic tarp.

Shake Well Before Using. Tilt can AWAY from face (container sprays straight up). Press tab down in locked position to initiate application. Set fogger on covered stand. Vacate the treated house, individual apartment unit or other structure immediately. Do not reenter for 2 hr.

Airing Out: Wait 2 hr after application (until aerosols and vapors have dispersed), then thoroughly ventilate the treated area by opening windows, vents and doors for 2 hr. If an odor is still detected, additional ventilation is required. [See associated pictogram under HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE.]
FOOD HANDLING ESTABLISHMENTS

Food handling establishments are places other than private residences in which food is held, processed, prepared or served.

FOOD AREAS: Include areas for receiving, serving, storing (dry, cold, frozen, raw), packing (canning, bottling, wrapping, boxing), preparing (cleaning, slicing, cooking, grinding), edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups).

NON-FOOD AREAS: Include areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after canning or bottling).

Do not apply in food areas when the facility is in operation unless the treatment area is cordoned off, posted and entry prevented. Prior to application, remove or cover exposed food and drinking water in the treatment area. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces in the treatment area, or wash them before use.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry, well ventilated area away from heat or open flame.

PESTICIDE DISPOSAL: Waste resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Contains no CFCs or other ozone depleting substances.

Federal regulations prohibit CFC propellants in aerosols.

CONDITIONS OF SALE AND WARRANTY

Follow the Directions for Use. It is impossible to eliminate all risks inherently associated with use of this product, and therefore all such risk shall be assumed by the Buyer. Whitmire warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks, referred to above. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW: (A) WHITMIRE MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY, (B) BUYER’S EXCLUSIVE REMEDY AND WHITMIRE’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND (C) WHITMIRE AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Whitmire and the Seller offer this product, and the Buyer accepts it, subject to these Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of Whitmire.

Lema de uso: 100,0%
No utilice en espacios pequeños y cerrados tales como armarios o bajo mesadas o mesas. El uso de un aplicador de niebla en un espacio cerrado puede causar su explosión, lo que puede ocasionar heridas a las personas y daños a la propiedad. No utilice en una habitación de 5 pies x 5 pies o más pequeña, en cambio deje que ingrese la niebla proveniente de las otras habitaciones.

Antes del rociado: Retire o cubra platos, utensilios, equipos de elaboración de alimentos y las superficies. Retire las mascotas y las aves, cubra y apague los acuarios de peces antes de iniciar la aplicación. Apague los sistemas de circulación de aire en los acuarios. Cubra las pasos de madera encerados, muebles iluminados y estanterías u otras cubiertas plásticas en la zona próxima que rada al aplicador de niebla (se puede usar papel de diario). Cierre todas las ventanas y puertas exteriores. Cierre todas las fuentes de ignición como luces incandescentes [apague las válvulas de gas, llamas abiertas o aparatos eléctricos en funcionamiento que se enciendan y se apaguen a intervalos (es decir, refrigerador, termotanque, etc.)]. Llame a la empresa de gas o empresa de servicio público si necesita asistencia con las luces incandescentes. (Vea enlaces de indicaciones para uso en INMUEBLES DE PROPIETARIOS DE VIVIENDAS Y VIVEROS.)

Para comenzar el rociado: Coloque una fuente con agua, mesa o vaso en el centro de la habitación a rociar. Cubra con varias capas de papel de diario, toallas de papel o lona plástica. Agite bien antes de usar. Incile la lata ALEJADA del rociador (el recipiente rocía en posición erguida). Presione la lengüeta en posición de bloqueo para iniciar la aplicación. Para iniciar el rociado coloque el aplicador de niebla sobre el soporte cubierto.

Antes del rociado: Apoye el aplicador de rocío sobre el soporte cubierto. Agitar bien antes de usar. Incile la lata ALEJADA del rociador (el recipiente rocía en posición erguida). Presione la lengüeta en posición de bloqueo para iniciar la aplicación. Apoye el aplicador de rocío sobre el soporte cubierto. Desocupe inmediatamente la casa, unidad de departamento individual o otra estructura que ha sido tratada.

VENTILACIÓN: Espere 2 horas después de la aplicación (hasta que se hayan dispersado los aerosoles y vapores), después ventile la zona tratada abriendo las ventanas, conductos de ventilación y puertas durante 2 horas. Si todavía se siente soso, es necesario volver a ventilar.

VENTILACIÓN: Mantenga cerrado el área tratada y no vuelva a ingresar durante 2 horas, preferentemente por la noche, después del tratamiento. Ventile el área tratada abriendo ventanas, conductos de ventilación y puertas durante 2 horas. Si todavía se siente soso, es necesario volver a ventilar.

NO USO PARA INFESTACIONES DE INSECTOS EN: Apartamentos, Zonas de Almacenamiento de Alimentos, Casas, Hospitales, Hotel, Hoteles, Motels, Clinica de Reposo, Centros Vaccionales, Restaurantes, y otros Establecimientos en que se Manejan Alimentos, Colegios, Supermercados, Equipos para Transporte (Autobuses, Barcos, Trenes, Camiones y Autotransporte–Sólo Zonas de Carga), Empresas de Servicio Público, Almacenes y otros Edificios Comerciales e Industriales.

USO PARA INFESTACIONES DE INSECTOS EN: Apartamentos, Zonas de Almacenamiento de Alimentos, Casas, Hospitales, Hoteles, Motels, Clinica de Reposo, Centros Vaccionales, Restaurantes, y otros Establecimientos en que se Manejan Alimentos, Colegios, Supermercados, Equipos para Transporte (Autobuses, Barcos, Trenes, Camiones y Autotransporte–Sólo Zonas de Carga), Empresas de Servicio Público, Almacenes y otros Edificios Comerciales e Industriales.

VENTILACIÓN: Mantenga cerrado el área tratada y no vuelva a ingresar durante 2 horas, preferentemente por la noche, después del tratamiento. Ventile el área tratada abriendo ventanas, conductos de ventilación y puertas durante 2 horas. Si todavía se siente soso, es necesario volver a ventilar.

DESECHO DEL ENVASE: Si está vacío: Arroje el envase a la basura o recíclelo si es posible. Llame a la agencia de residuos sólidos local para recibir instrucciones para el desecho.

ALMACENAMIENTO Y DESECHO
No contamine agua, alimentos o alimento para animales residuales con el efecto de este producto.

ALMACENAMIENTO DEL PESTICIDA: Manténer este producto seco, en un área bien ventilada, seca y fresca, lejos del calor o la llama abierta.

DESECHO DEL PESTICIDA: Los residuos resultantes del uso de este producto pueden descomponerse en la misma hora en un lugar instalación apropiada para desecho de residuos.

CONDICIONES DE VENTA Y GARANTÍA
Siga las Instrucciones de Uso. Dado a que es imposible eliminar todos los riesgos inherentes relacionados con el uso de este producto, todos los riesgos deben ser asumidos por el Comprador. Whitmire garantiza que este producto corresponde a la descripción química indicada en la etiqueta y es razonablemente seguro para los fines mencionados en las Instrucciones de Uso, a pesar de los riesgos inherentes mencionados anteriormente. EN LA MEDIDA EN QUE LO PERMITAN LAS LEYES APLICABLES: (A) WHITMIRE NO HACE NINGUNA OTRA GARANTÍA, EXPresa O IMpLICITA, INCLUIDA LAS GARANTÍAS DE APTITUD PARA UN FIN EN PARTICULAR O COMERCIABILIDAD, EL RECURSO EXCLUSIVO DEL COMPRADOR Y LA RESPONSABILIDAD EXCLUSIVA DE WHITMIRE Y EL VENDEDOR; Y SI HAY CONTRATO, EXTRACONTRACTUAL, NEGLIGENCIA, RESPONSABILIDAD OBJETIVA Y OTRA, SE LIMITAN A LA DEVOLUCIÓN DEL PRECIO DE COMPRA DE PRODUCTO, Y (C) WHITMIRE Y EL VENDEDOR DESLIBAN Toda RESPONSABILIDAD POR DAÑOS EMERGENTES, INCIDENTALES, ESPECIALES O INDIRECTOS QUE RESULTEN DEL USO O LA MANIPULACIÓN DE ESTE PRODUCTO. Whitmire y el Vendedor ofrecen este producto, y el Comprador lo acepta, sujeto a estas condiciones de venta y garantía que se podrán modificar únicamente mediante un acuerdo escrito firmado por un representante de Whitmire debidamente autorizado.

FIRST AID
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 min. Call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 – 20 min. Remove contact lenses, if present, after the first 5 min., then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-832-HELP 24 hr/day, 7 days/week.

USER SAFETY REQUIREMENTS
Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

PHYSICAL OR CHEMICAL HAZARDS
Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the “Directions for Use” on this label very carefully.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Breathing spray mist may be harmful. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Highly Flammable Ingredient
Ingrediento Altamente Inflamable
DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. READ ENTIRE LABEL BEFORE EACH USE.

USE RESTRICTIONS
• Apply this product only as specified on this label.
• This product does not control bed bugs.
• Only protected applicators may initiate application. Exit area immediately after initiating application.
• Do not allow adults, children or pets to enter until vapors, mists and/or aerosols have dispersed. Do not remain in treated area. Exit area immediately, and remain outside the treated area for at least 2 hr until aerosols, vapors and/or mists have dispersed.
• When using in homes: Remove or cover exposed food and drinking water, in the treatment area, before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not use in serving areas while food is exposed.
• When using in food areas of food handling establishments: Do not make applications when facility is in operation. Avoid contamination of food or feedstuffs. During applications, cover or remove food. During applications, cover food processing surfaces and equipment or clean after treatment with a suitable detergent and rinse with potable water before use. Do not use in serving areas (dining areas where prepared foods are served) while food is exposed or facility is in operation.
• Do not apply this product in hospital rooms while occupied or in any rooms occupied by the elderly or infirm. Remove patients from room prior to treatment and thoroughly ventilate (2 hr) after application. Do not return patients to room until after ventilation.
• Do not apply in classrooms.
• Do not apply more than 1 time/day

HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE
FOR USE IN: Homeowner Greenhouses, Garden Centers and Other Indoor Areas where plants are grown or produce is stored.
FOR USE INDOORS ON: Bedding Plants, Cut Flowers, Foliage, Hanging Baskets, Ornamentals, Potted Flowering Plants and in Storage Areas where Fruits, Nuts, Grains and Vegetables are stored post-harvest.
ALSO ON THESE GROWING CROPS:
Vegetables: Carrots, Cucumbers, Garlic, Garden Peas, Lettuce, Onion, Peppers, Potatoes, Pumpkins, Spinach and Tomatoes
Herbs: Basil, Chives, Fennel, Oregano, Parsley, Rosemary and Thyme
APPLICATION INSTRUCTIONS

To Use This Product Correctly: Do not use more than 1 fogger per room. Shut off exhaust fans and close all windows, doors and ventilators. Turn off all ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle on and off. Call your gas utility or management company if you need assistance with your pilot lights.

Before You Fog: Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property.

Do not apply in food areas when the facility is in operation unless the treatment area is cordoned off, posted and entry prohibited. Prior to application, remove or cover exposed food and drinking water in the treatment area. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces. Remove pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums. Cover waxed wood floors, waxed furniture and stereo or other plastic dust covers in the immediate area surrounding the fogger (newspaper may be used). Close outside doors and windows. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle on and off and (i.e., refrigerator, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

Before Fogging: Remove or cover all exposed food, dishes, utensils, food processing equipment and food preparation surfaces. Remove pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums. Cover waxed wood floors, waxed furniture and stereo or other plastic dust covers in the immediate area surrounding the fogger. Cover with several layers of newspaper, above the plant foliage, and clear a 3 ft area around the can(s). Cover the elevated surface and the 3 ft area with several layers of newspaper. Activate the can(s) by tilting the can away from face (container sprays straight up) and pressing the tab down in locked position. If using more than one can in an area, start with the can farthest away from the exit door. Activate each can moving toward the exit. Do not remain in treated area. Avoid area immediately and remain outside the treated area for at least 2 hr until aerosols, vapors and/or mists have dispersed. The entire contents will release automatically. Airing Out: Keep the treated area closed and do not reenter for 2 hr. preferably overnight, following treatment. Thoroughly ventilate the treated area by opening windows, vents and doors for 2 hr. If an odor is still detected, additional ventilation is required.

TO USE THIS PRODUCT CORRECTLY

Do not use more than 1 fogger per room. Do not use in small, enclosed spaces such as closets, cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use in a room 5 ft x 5 ft or smaller; instead, allow fog to enter from other rooms. [See associated pictograms under HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE.]

Before You Fog: Open cabinets, cupboards, drawers, closets and doors in areas to be treated. Remove or cover all exposed food, dishes, utensils, food processing equipment and food preparation surfaces. Remove pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums. Cover waxed wood floors, waxed furniture and stereo or other plastic dust covers in the immediate area surrounding the fogger (newspaper may be used). Close outside doors and windows. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle on and off and (i.e., refrigerator, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. [See associated pictograms under HOMEOWNER GREENHOUSE & GARDEN CENTER DIRECTIONS FOR USE.]

Before Fogging: Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper, paper towels or plastic tarp. Shake Well Before Using. Til can away from face (container sprays straight up). Press tab down in locked position to initiate fogging. Place can(s) in the center of the room to be fogged. Cover with several layers of newspaper, above the plant foliage, and clear a 3 ft area around the can(s). Cover the elevated surface and the 3 ft area with several layers of newspaper. Activate the can(s) by tilting the can away from face (container sprays straight up) and pressing the tab down in locked position. If using more than one can in an area, start with the can farthest away from the exit door. Activate each can moving toward the exit. Do not remain in treated area. Avoid area immediately and remain outside the treated area for at least 2 hr until aerosols, vapors and/or mists have dispersed. The entire contents will release automatically. Airing Out: Keep the treated area closed and do not reenter for 2 hr. preferably overnight, following treatment. Thoroughly ventilate the treated area by opening windows, vents and doors for 2 hr. If an odor is still detected, additional ventilation is required.

To Start Fogging: Apply during early evening when foliage is dry and temperature is between 60 – 100°F. Place can(s) on an elevated surface such as a stand, chair or table, so that the top of the can(s) is above the plant foliage, and clear a 3 ft area around the can(s). Cover the elevated surface and the 3 ft area with several layers of newspaper. Activate the can(s) by tilting the can away from face (container sprays straight up) and pressing the tab down in locked position. If using more than one can in an area, start with the can farthest away from the exit door. Activate each can moving toward the exit. Do not remain in treated area. Avoid area immediately and remain outside the treated area for at least 2 hr until aerosols, vapors and/or mists have dispersed. The entire contents will release automatically. Airing Out: Keep the treated area closed and do not reenter for 2 hr. preferably overnight, following treatment. Thoroughly ventilate the treated area by opening windows, vents and doors for 2 hr. If an odor is still detected, additional ventilation is required.

Food Handling Establishments

Food handling establishments are places other than private residences in which food is held, processed, prepared or served.

Food Areas: Include areas for receiving, storing, graining (dry, cold, frozen, raw), packing (canning, bottling, wrapping, boxing), preparing (washing, slicing, cooking, grading), edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups, etc.).

Non-Food Areas: Include areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after caring or beating).

Do not apply in food areas when the facility is in operation unless the treatment area is cordoned off, posted and entry prohibited. Prior to application, remove or cover exposed food and drinking water in the treatment area. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces in the treatment area, or wash them before use.
STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry, well-ventilated area away from heat or open flame.

PESTICIDE DISPOSAL: Waste resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Contains no CFCs or other ozone-depleting substances.

Federal regulations prohibit CFC propellants in aerosols.

CONDITIONS OF SALE AND WARRANTY

Follow the Directions for Use. It is impossible to eliminate all risks inherently associated with use of this product, and therefore all such risk shall be assumed by the Buyer. Whitmire warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks, referred to above. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW: (A) WHITMIRE MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY, (B) BUYER’S EXCLUSIVE REMEDY AND WHITMIRE’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO RE-PAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND (C) WHITMIRE AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Whitmire and the Seller disclaim any liability for consequential, incidental, special or indirect damages resulting from the use or handling of this product. Whitmire and the Seller offer this product, and the Buyer accepts it, subject to these Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of Whitmire.
