DIRECTIONS FOR USE

TO DISINFECT: Use one wipe to completely remove all loose debris from surfaces to be treated. Use enough wipes for treated surface to remain visibly wet for 5 minutes. For heavily soiled surfaces, clean before following disinfecting instructions. Allow surfaces to air dry. This product is an effective disinfectant against E. coli O157:H7, Staphylococcus aureus, Salmonella, Pseudomonas aeruginosa, and Strep. VIRUCIDAL ACTIVITY: This product is an effective virucide on hard, non-porous surfaces against Influenza A2/Japan, Herpes Simplex Virus 1 and Herpes Simplex Virus 2 when the treated surface is allowed to remain wet for 5 minutes. Allow surfaces to air dry.

SANITIZING/DEODORIZING: To sanitize/deodorize hard, non-porous surfaces: wipe surface using enough wipes to allow treated surface to remain wet for 15 seconds for Staphylococcus aureus, Campylobacter jejuni, Listeria monocytogenes, Escherichia coli O157:H7 and 60 seconds for highly soiled surfaces, clean excess dirt first. This product will not harm surfaces that may come in contact with food or water for proper sanitation. For plastic and painted surfaces, spot test on an inconspicuous area before use. This product will not harm most plastics, including vinyl. Do not use on unpainted wood. Not for personal cleansing. This is a baby wipe! Do not flush in toilet. Dispose of wipe in trash or recycling if available or discard in trash.

CONTAINER STORAGE/DISPOSAL: Store in an area inaccessible to children. Wipes: Dispose of wipe in trash after handling. Do not contaminate water, food or feed by storage or disposal. For plastic and painted surfaces, spot test on an inconspicuous area before use. This product will not harm most plastics, including vinyl. Do not use on unpainted wood. Not for personal cleansing. This is a baby wipe! Do not flush in toilet.

FIRST AID:
IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after first 5 minutes. Then, continue rinsing. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If not dizzy, allow person to breathe fresh air. If dizzy, give small sips of water. Call a poison control center or doctor for treatment advice.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing with mouth and nose uncovered. **Consumer contact (800) 426-2030.**
