Quality Care™

FOAMING DISINFECTANT

Bathroom Cleaner

This product is designed for tough cleaning, disinfecting and sanitizing of non-porous, hard surfaces in the bathroom. Cleans, shines, deodorizes, disinfects and sanitizes non-porous, hard surfaces such as bathtubs, sinks, shower stalls and toilet seats. May be used on non-porous, hard surfaces such as fiberglass, chrome, plastic, baked enamel and glazed porcelain. Non-abrasive. When used as directed, this product demonstrates effective disinfection against Pseudomonas aeruginosa, Salmonella enterica and Staphylococcus aureus. Efficacy tests have demonstrated that this product is an effective one-step cleaner/disinfector in the presence of organic soil (5% blood soil). Kills Trichophyton mentagrophytes, the cause of Athlete's foot fungus, on hard, non-porous surfaces found in bathrooms. No scrubbing, No rinsing, Non-abrasive. Prevents and controls mold and mildew on hard, non-porous surfaces.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Disinfectant Deodorization and Cleaning:

1. Shake Can Well Before and During Use.
2. Holding can 6 to 8 inches from surface, spray area until it is covered with white foam. To disinfect, allow foam to penetrate and remain wet for 10 minutes. To only clean surface wipe foam away after 1 to 2 minutes.
3. Wipe with wet cloth or sponge.
4. For heavily soiled areas, remove heavy soil or gross film before treatment.

Note: This product features an adjustable spray-nozzle tip. May be sprayed upside down or from most angles. For best results, check that arrow on tip is turned to mark on rim before spraying.

Mold and Mildew - To control mold and mildew on pre-cleaned, hard, non-porous surfaces, spray surface until it is completely covered in foam. Let air dry. Repeat application at weekly intervals or when mold growth reappears.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either intra or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean and decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

Precautionary Statements

Hazard to Humans & Domestic Animals
CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with the eyes, skin or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

First Aid
If Swallowed: Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on Skin or Clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Physical or Chemical Hazards
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal. Pesticide Storage: Store in a cool, dry area away from heat or open flame. Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Non-refillable container; do not reuse or refill this container. Do not puncture or incinerate. If empty: Place in trash or offer for recycling if it is available. This container may be recycled in the few but growing numbers of communities, where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. Do Not Burn! If recycling is not available, discard container in trash. If partly filled: Call your local solid waste agency for disposal instructions.
