**SUPER SELECT shock treatment**

- kills bacteria
- kills algae
- crystal clear results in 24 hours
- good for all pool surfaces

**DIRECTIONS FOR USE:**

1. **DANGER:** Corrosion or improper use may cause intense fire, explosion, or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. It is exposed to small amounts of water. It can react violently to produce heat and toxic gases and spatter. Do not mix this product with a small amount of water. Only add it directly to your pool. Do not add water to this product. Add only hot water. Highly corrosive. Causes skin and eye damage. May be fatal if swallowed.

2. **FIRST AID:**
   - IF INHALED: Have person breathe slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for further treatment advice.
   - IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse and immediately wash with plenty of water for 15–20 minutes. Call a poison control center or doctor for further treatment advice.
   - IF SWALLOWED: Dissolve 1 tablet of super shock product in 4 to 15 gallons of water. Call a poison control center or doctor for further treatment advice.

3. **RE-ENTRY INTO TREATED POOLS:**

   - Re-entry into treated pools is prohibited above levels of 4 ppm chlorine. See the following HTH® pH Minus® step for risk of bodily injury. Use entire contents of bag when opened. Do not use this product in a floater or feeder that has been used with any other product.

4. **FOR DISPOSAL OF A CONTAMINATED container:** Rinse empty container thoroughly with water to dissolve all material prior to disposal. Do not incinerate. Avoid breathing dust and fumes.
