FEATURES, CLAIMS, AND USES
This product is an effective Virucidal, Bactericidal, Tuberculocidal, and Fungicidal on hard nonporous surfaces when used as a disinfectant. This product has demonstrated effectiveness on pre-cleaned hard nonporous surfaces against the following microorganisms:

**VIRUCIDAL** - Kills Human Immunodeficiency Virus Type 1 (HIV-1, a retrovirus that causes "AIDS"), Herpes Simplex Virus Type 1 and Herpes Simplex Virus Type 2, Influenza A2/Hong Kong Virus, Adenoviruses, and Various Herpesviruses.

**BACTERICIDAL** - Kills Escherichia coli, Pseudomonas aeruginosa, Serratia marcescens, Staphylococcus aureus, and Staphylococcal enterotoxigenic strains.

**TUBERCULOCIDAL** - Kills Mycobacterium tuberculosis (Tubercle bacillus).

**FUNGICIDAL** - Kills Trichophyton mentagrophytes (athlete's foot fungi, formerly known as T. interdigitale) in bathrooms, showers, and locker rooms.

CONTROL MOLD/MILDew - Completely inhibits the growth of Aspergillus niger and Penicillium verrucosum fungi on fabric.

SANITIZER - Controls Staphylococcus aureus and Pseudomonas aeruginosa in clothing and fabric surfaces, such as on shoes, athletic shoes, and other apparel equipment.

DECOLORIZER - Pleasant fragrance quickly suppresses the appearance of unsightly blemishes on many surfaces.

FOR USE IN: Industrial, Institutional, Commercial, Medical, and Residential facilities, equipment, and vehicles, including households, ambulances, residential offices, and residential offices and clinics.

PRECAUTIONARY STATEMENTS:

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING** - Causes substantial temporary eye irritation. Harmful if absorbed through skin. Do not get in eyes or on skin or clothing. Wear long-sleeved shirt and long pants, protective eyewear (safety glasses, goggles, or face shield), and respiratory protection (mask with a NIOSH-approved filter or respirator) when cleaning or handling product. Wash hands thoroughly with soap and water after cleaning, as well as before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing.

**FIRST AID**

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

**HOT LINE NUMBER:** In case of an emergency, call 1-800-222-1222. Have the product container or label with you when calling the poison control center or doctor for treatment advice.

**PHYSICAL/ChemICAL HAZARDS:** Flammable. Contents under pressure. Keep away from heat, sparks, lightning, and flames. Do not use or store in or near a source of ignition. Exposure to temperatures above 130°F (54°C) may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is not directly into the human body, either by in or on contact with the bloodstream or normally sterile areas of the body, or by (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or other means enter through normally sterile areas of the body. This product may not be made of materials that can be used to penetrate or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection. GENERAL: Shake container well before each use and hold it upright while spraying. For use on pre-cleaned, hard nonporous surfaces; not for use on humans or animals. Do not use where food or related products are prepared, processed, or stored. Remove food or related products from the area being treated. Avoid use where product would contact counters or tabletops where food may be stored, prepared, or processed. Do not use on painted/finished surfaces, water-based "latex" paint, leather, cellulose (such as rayon), or other finishes sensitive to alcohol.

To disinfect hard, non-porous surfaces: Precise surfaces as directed above. Hold container upright about 6-8" from surface. Spray to thoroughly wet hard, nonporous surfaces. Treated surfaces must remain wet for 10 minutes. Allow to air dry. Rinse all surfaces that come in contact with food or other materials. Do not use on utensils, glassware, and dishes.

Before use in federally inspected meat and poultry plants, all food products and packaging materials must be removed or carefully protected before application. To disinfect toilets and urinals: Remove excess coating to the doorknob. Close container about 6-8" from surface. Spray the toilet whisk, jet, or pipe, wet nonporous surfaces. Treated surface must remain for 10 minutes. Allow to air dry. Thoroughly scrub cleaning and packaging equipment with soap and detergent, rinse with water, and clean with a clean cloth.

To clean/Deodorize: Hold container upright about 6-8" from surface. Spray surface and allow to air dry.

To control Mold/Mildew and Sanitize Porous Surfaces: Inhibits the growth of Aspergillus niger and Penicillium verrucosum fungi on fabric. Controls Staphylococcus aureus and Proteus vulgaris in clothing and fabric surfaces. Do not house animals or store equipment until treated. Treat skin and nails with 10% sodium hypochlorite solution. Hold container upright about 6-8" from surface. Spray to thoroughly wet surfaces. Treated surfaces must remain wet for 5 minutes. Allow to air dry. Thoroughly scrub cleaning and packaging equipment with soap and detergent, rinse with water, and clean with a clean cloth.

To Kill HIV-1 (Human Immunodeficiency Virus Type 1, AIDS virus) on PreCleaned Surfaces/Objects in health care and other installations with the potential for transmission of HIV-1 and other viruses associated with the potential for transmission of HIV-1. Treated surfaces must remain wet for 10 minutes. Allow to air dry. Thoroughly scrub cleaning and packaging equipment with soap and detergent, rinse with water, and clean with a clean cloth.

**STORAGE AND DISPOSAL**

GENERAL: Do not accommodate other materials (including foods, drinks, feed, or water) during transport, use, storage, and disposal. If damaged or leaking, soak up and wrap any waste, then dispose of as below.

STORAGE & DISPOSAL: Keep in a cool, dry, locked area inaccessible to children and away from sources of heat and ignition (including fires, sparks, hot surfaces, and sunlight). Do not puncture or incinerate. In case of spill: Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions.

**WARNING:** This product contains a chemical(s) known to the State of California to cause cancer.
