This product, when used on environmental, inanimate hard surfaces exhibits virucidal activity against:

- Human Coronavirus
- Pandemic 2009 H1N1 Influenza A Virus
- SARS associated Coronavirus
- Human Coronavirus
- Rotavirus

This product, when used on environmental, inanimate hard surfaces exhibits virucidal activity against:

- Mycobacterium tuberculosis BCG at 20ºC when the treated surface is allowed to remain wet for
- Virucidal activity
- Tuberculocidal activity
- Bactericidal activity
- Fungicidal activity
- Sporicidal activity
- Staphylococcus aureus
- Staphylococcus epidermidis
- Escherichia coli
- Klebsiella pneumoniae
- Pseudomonas aeruginosa
- Salmonella (choleraesuis) enterica
- Salmonella (typhi) enterica
- Streptococcus pyogenes
- Listeria monocytogenes
- Neisseria meningitidis
- Enterococcus faecalis
- Enterococcus faecium
- Staphylococcus aureus
- Yeasts
- Histoplasma capsulatum
- Blastomyces dermatitidis
- Cryptococcus neoformans
- Coccidioides immitis
- Trichophyton mentagrophytes
- Candida albicans
- Aspergillus
- Penicillium
- Stachybotrys chartarum

Precautionary Statements:

- Keep out of reach of children.
- Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.
- First aid:
- In case of contact with eyes, rinse immediately with plenty of water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- In case of contact with clothing, remove clothing and wash immediately with soap and water.
- In case of contact with skin, wash thoroughly with soap and water.
- In case of contact with mouth, rinse mouth thoroughly with plenty of water and do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not use any mouthwash other than water.
- In case of inhalation, move person to fresh air. If person is not breathing, call 911 or move person to fresh air at once and get artificial respiration, preferably by mouth-to-mouth resuscitation, if possible. Call a poison control center or doctor for further treatment advice.
- Do not give anything by mouth to an unconscious person.

Additional information:

- This product is a ready-to-use, non-abrasive disinfectant cleaner for small air conditioner, commercial air handling and HVAC cooling coils and refrigeration equipment evaporation coils. When using this product to disinfect and deodorize cooling coils and evaporator coils, descend power to the boil before application.
- The product is a 1-step hospital-use germicidal disinfectant cleaner and deodorant designed for:)
- Disinfecting and cleaning evaporator coils and refrigeration equipment evaporation coils. When using this product to remove dirt, grime, mold, and mildew from hard, non-porous inanimate surfaces. Quickly removes dirt, grime, mold, food residue, blood, and other organic matter commonly found in hospitals. It also eliminates odors leaving surfaces smelling clean and fresh.
- In case of ingestion, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
- CONTAINER DISPOSAL—Nonrefillable container. Do not remove cover. Container promptly after emptying.

**ACTIVE INGREDIENTS**

n-Alkyl (60% C₁₄, 30% C₁₆, 5% C₁₂, 5% C₁₈) dimethyl benzyl ammonium chlorides

**INERT INGREDIENTS**

ethylbenzyl ammonium chlorides

**USE**

Evap-Fresh is a ready-to-use, non-abrasive evaporator coil cleaner & disinfectant. It cuts tough grease and grime without scrubbing. It removes dirt, grime, mold, food residue, blood, and other organic matter commonly found in hospitals. It also eliminates odors leaving surfaces smelling clean and fresh, so users won’t be a problem. For plastic and painted surfaces, spot test on an inconspicuous area before use.

**APPLICATIONS**

- **COOLING COILS DISINFECTANT CLEANER:**
  - Cuts tough grease and grime without scrubbing.
  - Removes dirt, grime, mold, food residue, blood, and other organic matter commonly found in hospitals.
  - It also eliminates odors leaving surfaces smelling clean and fresh, so users won’t be a problem.
  - For plastic and painted surfaces, spot test on an inconspicuous area before use.

**ENVIRONMENTAL HAZARDS**

- **SEDIMENTATION:**
  - Do not dispose of sediment in ditches, sewers, or other water bodies.
  - Do not discharge sediments containing this product to sewers, water bodies, or other water bodies without previously notifying the local sewage treatment plant in writing prior to discharge.
  - Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant in writing prior to discharge.

**CAUTION**

- **KEEP OUT OF REACH OF CHILDREN.**
- **Read label with every use.**
- **If ingested:**
  - Call a poison control center or doctor immediately for treatment advice.
- **If swallowed:**
  - Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.
- **If inhaled:**
  - Move person to fresh air. If person is not breathing, call 911 or doctor immediately for treatment advice.
- **If on skin:**
  - Wash thoroughly with soap and water and rinse with soap and water after handling and before eating, drinking, gumming, or toileting.

**PRECAUTIONARY STATEMENTS**

- **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
- **First Aid:**
  - Have the product container label with you when calling a poison control center or doctor. Inform doctor of poisonous nature of this product.

- **NOTE TO PHYSICIAN**

**PACKAGING & STORAGE**

- **STORAGE & DISPOSAL**
  - Do not contaminate water, food, or feed by storage or disposal.
  - PESTICIDE STORAGE & DISPOSAL:
    - Use this product only as directed.
    - Do not适用 for livestock or poultry.
    - To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray surface until it is covered with the solution. Allow product to penetrate and remain wet for 3 minutes.

**READ LABEL WITH EVERY USE**

- **If ingested:**
  - Call a poison control center or doctor immediately for treatment advice.

- **If swallowed:**
  - Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.

- **If inhaled:**
  - Move person to fresh air. If person is not breathing, call 911 or doctor immediately for treatment advice.

- **If on skin:**
  - Wash thoroughly with soap and water and rinse with soap and water after handling and before eating, drinking, gumming, or toileting.

**DIRECTIONS FOR USE:**

- **COOLING COILS DISINFECTANT CLEANER:**
  - This product exhibits disinfectant efficacy against Mycobacterium tuberculosis in 3 minutes. This product kills the organisms listed in the table below on hard, non-porous inanimate surfaces. This product is toxic to fish. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant in writing prior to discharge.
