DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not for use on critical and semi-critical medical device surfaces. This product is designed for cleaning, deodorizing, and disinfecting for hospitals, nursing homes, schools, hotels, homes, and food processing establishments. This product is effective where housekeeping is of prime importance in controlling cross-contamination from treated surfaces.

COOLING COILS DISINFECTANT CLEANER: This product is a disinfectant cleaner for small air conditioner cooling coils and refrigeration equipment, refrigerator or freezer evaporative coils. When using this product to disinfect and clean cooling coils or evaporative coils, disconnect power to the unit before applying product. Follow the directions under the DISINFECTION, DEODORIZING AND CLEANING section.

DISINFECTION, DEODORIZING AND CLEANING: Shake can before using. Hold container six to eight inches from surface to be treated. Spray area until it is covered with white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. This product will not leave grit or soap scum. For heavily soiled areas, a pre-cleaning step is required before treatment. Spray area until it is covered with white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. This product will not leave grit or soap scum. For heavily soiled areas, a pre-cleaning step is required before treatment.

MILDEWSTAT: To control mold and mildew on pre-cleaned, hard, non-porous surfaces, spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

BACTERICIDAL ACTIVITY: When used as directed, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella enterica and Pseudomonas aeruginosa and meets AOAC Germicidal Spray Products Test requirements for hospital disinfectants. Efficacy Tests have demonstrated that this product is an effective bactericide in the presence of organic soil (5% blood serum).

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. CONTAINER DISPOSAL: Do not puncture or incinerate. Non-refillable container. Do not reuse or refill this container. If empty, place in trash or offer for recycling, if available. If partially filled: Call your local solid waste agency for disposal instructions. PESTICIDE STORAGE: Store in a dry place no lower in temperature than 50°F or higher than 120°F. KEEP OUT OF REACH OF CHILDREN.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

ACTIVE INGREDIENTS

n-Alkyl (68% C16, 30% C14, 5% C12, 3% C10) dimethyl benzyl ammonium chlorides…0.1%
n-Alkyl (60% C14, 32% C12) dimethyl ethylbenzyl ammonium chlorides…………..0.1%

INSERT INGREDIENTS……………………………………………………………39.9%
