NET WT 12 OZ (340g)
DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
*Sanitizes: Kills 99.9% of Staphylococcus aureus and Klebsiella pneumoniae on hard nonporous surfaces in 50 seconds.
This product kills household germs throughout the entire house plus prevents mold and mildew growth. This effective formulation doesn’t just mask odors, it eliminates them at their source, leaving behind a light fresh scent. For use on hard nonporous environmental surfaces in homes, offices. In Kitchens: Use on cabinets, counter tops, drain boards, garbage cans, microwaves, refrigerators, sinks, stoves. In Bathrooms: Use on basins, closets, counter tops, garbage cans, hampers, plastic shower curtains, showers, tiled walls, toilet areas (seats, rims and exterior surfaces) and tubs. Use: Use on chairs, closets, counter tops, desks, diaper changing tables, diaper pails, door knobs, exercise equipment, faucet handles, filing cabinets, garbage cans, pet areas, telephones and work benches.
Application Instructions: SHAKE WELL BEFORE AND DURING USE. Thoroughly clean surfaces or objects prior to application of product. Remove gross dirt and heavy soil deposits. Safe for use on surfaces except polished wood or acrylic plastics. To Disinfect: Spray 6 to 10 inches from clean surface for 3-4 seconds or until surface is thoroughly wet. Allow spray to contact treated surfaces for a minimum of 10 minutes prior to wiping. When used in microwaves and refrigerators and on plastic baby toys and on food-contact surfaces, rinse treated surfaces with a potable water rinse after the 10 minute contact time. To Sanitize: Spray 6-10 inches from clean surface for 3-4 seconds or until surface is thoroughly wet. Allow spray to contact treated surfaces for a minimum of 50 seconds prior to wiping. For Mold and Mildew: Clean surface then spray surface until thoroughly wet. Repeat weekly.
This product is not for use on medical devices or medical equipment surfaces.
This product is for use on clean, hard, nonporous environmental surfaces in inedible product processing areas, non-processing areas and/or exterior areas. This product must not result in the direct or indirect contamination of food products. Do not use to mask odors resulting from unsanitary conditions.
