**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**READ THE LABEL:** Read this entire label and follow all use directions and use precautions.

- Do not expose children, pets, or non-target mammals to rodenticides. To help prevent accidents:
  - Keep unused product out of reach of children and pets.
  - Apply product in bait stations for all outdoor placements.
  - Do not use this product in sewers. Do not place bait near to or inside of ventilation duct openings. Do not contaminate water, food, feedstuffs, food or feed handling equipment or surfaces that come into direct contact with food. Do not broadcast bait. When used in USA inspected facilities, this product must be applied in tamper resistant bait stations.
  - Do not sell this product in individual containers holding less than 16 pounds of bait.

**SELECTION OF TREATMENT AREAS:**

Determine areas where House Mice, Norway Rats, Roof Rats, Cotton Rats, Norway Rats, Eastern Harvest Rats, Golden Mice, Meadow Voles, White-throated Woodrats, Southern Plains Woodrats, or Mexican Woodrats will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, beside burrows, between or to intertidal areas below the mean high water mark. If re-infestation does occur, repeat treatment. For Dogs, check prothrombin times every 3 days until values return to normal (up to 30 days). Blood transfusions may be needed.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to fish. Use protective clothing when handling this product. Do not contaminate water, food or feed by storage or disposal. Do not contaminate water, food or feed by storage or disposal.

**STORAGE AND DISPOSAL:**

Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Store only in original container in a cool, dry place inaccessible to children and pets. PESTICIDE WASTE: Disposal of this pesticide product must not be sampled or bottled or sold. CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Plastic Exit for use or storage, or puncture and dispose of container in a sanitary landfill or, by incineration.

**PRECAUTIONARY STATEMENTS:**

- **Hazards to Humans and Domestic Animals:**
  - Keep away from children, domestic animals and pets. All handlers (including applicators) must wash shoes plus socks, and gloves. Any person who receives injuries or comes in contact with this product must wash hands thoroughly.
  - When using tamper-resistant bait stations as required under applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

**OTHER INGREDIENTS:**

- Difenacoum: 0.005%

**Kills:**

- Norway Rats, Roof Rats, House Mice, Polynesian Rats, Cotton Rats, Eastern Harvest Rats, Golden Mice, Meadow Voles, White-throated Woodrats, Southern Plains Woodrats, and Mexican Woodrats.

**FOLLOW UP:**

- If treatment was successful, a poison center controller or other medically trained professional may be able to confirm that signs of feeding by these rodents have been seen.
- Protect bait from rain and snow. Remove as much alternative food as possible.

**NOTICE:**

Buyer assumes all risks of use, storage or handling of this product not in accordance with the label directions.

**STORAGE AND DISPOSAL:**
