ACTIVE INGREDIENT:
Calcium Hypochlorite 78%
OTHER INGREDIENTS 22%
TOTAL 100%
MINIMUM AVAILABLE CHLORINE 75%

KEEP OUT OF REACH OF CHILDREN

DANGER
Contamination or improper use may cause intense fire, explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Do not mix this product with a small amount of water. Only add directly to your pool. Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Read all precautionary statements on back panel and first aid statements before use.

Net Wt. 2.6 lbs. (1.18 kg)

SHOCK

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-654-6911
DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

WATER BALANCE: For best product performance, swimmer comfort, and crystal clear water: Maintain pH in the range of 7.2 to 7.6. Maintain total alkalinity in the range of 80 to 120 parts per million (ppm). Maintain calcium hardness above 200 ppm. Use a POOLIFE test kit that measures all these ranges. Use POOLIFE Pool Care Products to make adjustments. Follow label directions for each product. Take a pool water sample to your authorized POOLIFE dealer regularly for a detailed water analysis. Re-entry into treated pools is prohibited above 4 ppm due to risk of bodily harm.

Poolife® Exclusive Pool Care Collection Back to Blue™ Shock System: If you are experiencing a severe algae bloom, which has turned your pool green, the Poolife® Exclusive Pool Care Collection Back to Blue™ Shock System can turn your pool sparkling blue again. This two-part system destroys the bacteria and algae that have taken over your pool and then makes it easy to vacuum out. At the start of the season, or if a severe algae bloom occurs during the season, the pool can be treated and returned to its clear blue appearance within 24 hours by using Poolife® Exclusive Pool Care Collection Back to Blue™ 1 and Poolife® Exclusive Pool Care Collection Back to Blue™ 2 as part of the Poolife® Exclusive Pool Care Collection Back to Blue™ Shock System.

1. Add 2.6 lbs of this product per 15,000 gallons of water into the pool with the circulation system turned on. If any granules settle to the bottom of the pool, use brush to dispense to assist in helping it to dissolve.

2. Once this product has completely been dispersed in the pool water, change valve to recirculate position and add 2.0 lbs of Poolife® Exclusive Pool Care Collection Back to Blue™ 2 per 15,000 gallons of water through the skimmer.

3. Leave the system circulating for 1 hour, then turn off the filter pump and allow to settle overnight.

4. The following day, change valve to vacuum position and vacuum the sediment to waste.

5. If the pool has not settled out or is not blue in color, repeat steps 1, 3 and 4.

6. Return valve to filter position after pool has been vacuumed.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Irritating to nose and throat.
- Do not get in eyes, on skin, or clothing. Do not handle with bare hands. Wear safety goggles or face shield, and rubber gloves when handling this product. For additional skin protection, wear long sleeves and long pants.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- Open in a well ventilated area. Do not breathe dust or fumes.
- Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water.
- Do not allow to become wet or damp before use.
- Do not mix this product with a small amount of water. Only add this product directly to your pool.

Can react with other materials, including other water treatment products, to cause intense fire, explosion, and the release of toxic gases.
- Keep all foreign matter, including other water treatment products, away from this product.
- Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely free of residue from other water treatment products before putting this product in a skimmer.

Exposure to heat can cause this product to rapidly decompose, leading to intense fire, explosion, and the release of toxic gases.
- Store in a cool, dry, well-ventilated area.

Strong oxidizing agent. This product can increase fire intensity. Keep away from heat and from flame and burning material (like a lighted cigarette).

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.
STORAGE & DISPOSAL: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE "EMERGENCY HANDLING".

EMERGENCY HANDLING: In case of contamination or decomposition – Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

池面平衡

水中的漂浮物可能会导致池面不平。定期检查并保持池面的清洁。

预防措施

在使用化学品之前，请仔细阅读所有说明和警告。

避免使用过量的化学品，以防止池水过浑。

在使用化学品时，请遵循制造商的建议。

在使用化学品后，请清洗和消毒设备。

安全措施

使用化学品时，请戴上防护眼镜和手套。

避免将化学品直接喷洒到皮肤上。

在使用化学品后，请彻底冲洗设备。

在使用化学品后，请将剩余化学品存放在儿童接触不到的地方。

在使用化学品后，请遵守当地的环保规定。
