**SUPER chlorinating granules**

- good for all pool surfaces
- concentrated granular chlorinator
- fast dissolving
- maintains brilliantly clear water

1 balance  2 shock  3 prevent algae  4 sanitize

**ACTIVE INGREDIENT:**
CALCIUM HYPOCHLORITE .................................................. 56.44%
OTHER INGREDIENTS .......................................................... 43.56%
TOTAL ........................................................................... 100.00%
Minimum Available Chlorine ................................................. 54%

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

Contamination or improper use may cause intense fire, explosion, or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not mix this product with a small amount of water. Only add directly to your pool. Do not add water to this product. Add only into water. Highly corrosive. Causes skin and eye damage. May be fatal if swallowed.

Read all Precautionary and First Aid statements on back panel before use.

**FIRST AID:**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**IN CASE OF EMERGENCY CALL:** 1-800-654-6911

Net Wt. 5 lbs. (2.27 kg)
DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

WHY YOU SHOULD USE THIS PRODUCT: This is an effective, multi-purpose sanitizer product that sanitizes, clarifies, and helps prevent algae. It is convenient, easy to use, and won’t over-stabilize your pool. For crystal clear pool water, follow the HTH® 4-step pool care program: Step 1: Test and balance water, Step 2: Sanitize, Step 3: Shock at least once a week, and Step 4: Add algaecide as directed.

WATER BALANCE: To provide optimum product performance, swimmer comfort and crystal clear water always maintain pH from 7.2 to 7.6, total alkalinity from 80 to 120 parts per million (ppm), and calcium hardness above 200 ppm. Test frequently using an HTH® test kit or test strips that measure all these ranges. Make any necessary adjustments promptly with the appropriate HTH® pool care products. Reentry into treated pools is prohibited with chlorine levels above 4 ppm for risk of bodily injury.

HOW TO USE: Do not pre-mix this product before adding it to your pool. Only add this product directly to your pool.

Use only a clean, dry lid to measure this product. Do not use the lid for any other purpose. Add the recommended dosage of this product during the evening hours while the filter pump is running. When adding this product to your pool, broadcast the product evenly over a wide area in the deepest part of the pool. If any granules settle to the bottom of the pool, use brush to disperse.

ROUTINE CHLORINATION: For best results, see “WATER BALANCE” section before treatment. Throughout the pool season, adjust and maintain pH at 7.2–7.6. Check available chlorine with a suitable HTH® reliable test strips. Allow the pH adjusters to dissolve and disperse before adding this product to the pool.

Add 4.0 – 10.0 ounces of this product per 10,000 gallons of pool water daily or as often as needed to maintain the free available chlorine residual at 4 ppm. Follow “HOW TO USE” directions on this package.

---

Dosage for Pools: Follow the following dosage recommendations based upon pool size.

<table>
<thead>
<tr>
<th>Desired Chlorine level (ppm)</th>
<th>5,000 Gallons</th>
<th>7,500 Gallons</th>

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Irritating to nose and throat.

- Do not get in eyes, on skin, or on clothing. Do not handle with bare hands. Wear goggles and use rubber gloves. For additional protection of skin, wear long sleeves and long pants.
- Open in a well-ventilated area. Avoid breathing dust and fumes.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove and wash contaminated clothing before reuse.

Only use utensils that are thoroughly clean and dry.

PHYSICAL AND CHEMICAL HAZARDS:

If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Do not mix this product with a small amount of water. Only add this product directly to your pool water.

- Do not allow to become wet or damp before use.

Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.
• Keep all foreign matter, including other water treatment products, away from this product.
• Do not use this product in a floater or feeder that has been used with any other product.
• Do not allow this product to contact other water treatment products.

*Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.*
• Store in a cool, dry, well-ventilated area.

**Strong oxidizing agent. This product can increase fire intensity.** Keep away from heat and from flame and burning material (like a lighted cigarette).

**ENVIRONMENTAL HAZARD:** This pesticide is toxic to fish and aquatic organisms.

**STORAGE & DISPOSAL:**

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not use or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.

FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.

**EMERGENCY HANDLING:** In case of contamination or decomposition - Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

活性成分：
氯化水银

使用说明：
1. 将产品加入池水，按比例稀释。
2. 按需加入，保持水体清洁。

警告：
1. 不得直接接触皮肤，避免吸入。
2. 用于游泳池和水疗池。
3. 避免与眼睛和皮肤接触。

使用前请阅读所有说明。勿吞咽，勿吸入。
