Supplemental Label

For use between rows in melon production

This supplemental label expires September 1, 2015, and must not be used or distributed after this date.

Active Ingredient*:
pendimethalin: N-(1-ethylpropyl)-3,4-dimethyl-2,6-dinitrobenzenamine .................................................. 38.7%
Other Ingredients: .......................................................................................................................... 61.3%
Total: ........................................................................................................................................... 100.0%

*1 gallon contains 3.8 pounds of pendimethalin formulated as an aqueous capsule suspension.

EPA Reg. No. 241-418

Directions For Use

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- The supplemental labeling and the entire Prowl H₂O herbicide container label, EPA Reg. No. 241-418, must be in possession of the user at the time of application.
- Read the label affixed to the container for Prowl H₂O before applying.
- Use of Prowl H₂O according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Prowl H₂O.

Product Information

Prowl H₂O is a selective herbicide for controlling most annual grasses and certain broadleaf weeds as they germinate. Refer to the Prowl H₂O container label for a complete list of weeds controlled.

Prowl H₂O may be applied in the following melons: cantaloupe, citron melon, muskmelon, watermelon.

Application Instructions

Prowl H₂O may be applied only by ground.

Use Methods and Timings

Prowl H₂O may be applied sequentially in melon production. Initially apply up to 2.1 pints per acre of Prowl H₂O as a shielded application to row middles (either before melon transplanting or before a seeded crop has emerged) or between rows covered with plastic mulch (prior to holes being punched in plastic for melon planting). Make a second shielded application at up to 2.1 pints per acre of Prowl H₂O to row middles or between plastic mulch prior to melon vine running. The interval between the sequential Prowl H₂O applications must be at least 21 days. Avoid spray contact with melon foliage or running vines because crop injury could occur.

Apply Prowl H₂O prior to weed germination. Emerged weeds will not be controlled by these treatments.

Restrictions and Limitations

- DO NOT apply more than 2.1 pints per acre in a single application or more than 4.2 pints per acre per season.
- DO NOT apply within 35 days before melon harvest.
- DO NOT feed forage or graze livestock in treated fields.

The Chemical Company
Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND BASF'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
