Use Only on Cats and Kittens 8 weeks or older

EPA Reg. No. 88052-9-8459
EPA Est. No. 74720-DEU-01

ACTIVE INGREDIENT:
Fipronil ......................................................................................... 9.7%

OTHER INGREDIENTS: ................................................................. 90.3%

TOTAL: 100.0%

Kills fleas and all stages of brown dog ticks, American dog ticks, lone star ticks, and deer ticks (which may carry Lyme disease) and chewing lice.

KEEP OUT OF REACH OF CHILDREN

CAUTION

BARRICADE™ SPOT ON® FOR CATS contains the active ingredient, fipronil, that effectively targets fleas, ticks, and chewing lice. Fipronil collects in the oils of the skin and hair follicles, and continues to be released from hair follicles onto the skin and coat, resulting in long-lasting activity.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not allow children to apply product. To prevent injury to you and your cat, read entire label and directions on the package insert before each use. Follow all directions and Precautionary Statements carefully. This product must only be used on cats. Do not use on rabbits or on other animals.

Precaucion al consumidor: Si usted no puede leer inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. (To the user: If you cannot speak English, do not use this product until the label has been fully explained to you.)

To kill fleas and all stages of brown dog ticks, American dog ticks, lone star ticks, and deer ticks (which may carry Lyme disease) and chewing lice, apply this product to cats and kittens (8 weeks or older) as follows. To remove and open applicator pipette, see reverse side.

TO APPLY BARRICADE™ SPOT ON® FOR CATS
Place pipette tip through cat’s hair to the skin level between the shoulder blades. Squeeze pipette, applying entire contents in a single spot to the cat’s skin. Avoid superficial application to the cat’s hair. Allow area to dry before blades. Squeeze pipette, applying entire contents in a single spot to the cat’s skin and coat, resulting in long-lasting activity.

BARRICADE™ SPOT ON® FOR CATS remains effective even after bathing, water immersion, or exposure to sunlight. Avoid contact with treated area until dry. Do not reapply BARRICADE™ SPOT ON® FOR CATS for 30 days.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

HOTLINE NUMBER: Have the product container or label with you when calling a poison control center, doctor or going for treatment. Call 1-800-294-2269 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Causes moderate eye irritation. Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

HAZARDS TO DOMESTIC ANIMALS
For external use only. Do not use on kittens under 8 weeks of age. Individual sensitivities, while rare, may occur after using any pesticide product. Pets may experience some temporary irritation at the site of product application. If signs persist, or become more severe within a few days of application, consult a veterinarian immediately. If your pet has an unusual reaction to the initial application, consult a veterinarian before repeating treatment. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated, debilitated or aged animals. Call 1-800-234-2269 for assistance.

Side effects. Monitor your cat after application. Side effects may include skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported as a result of grooming after treatment. If these or other side effects occur, consult your veterinarian or call 1-800-234-2269.

QUESTIONS OR COMMENTS ABOUT THIS PRODUCT
Call 1-800-234-2269.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE. Store unused product in original container only, out of reach of children and animals.

PESTICIDE DISPOSAL. If partly filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER DISPOSAL. Nonrefillable container. Do not reuse this container. If empty: Place in trash or offer for recycling if available.
