FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center, doctor, or 1-800-999-0297 or after 6 pm EST call 1-800-999-0297 immediately for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may contact 1-800-999-0297 or after 6pm EST 1-800-999-0297 for emergency medical information.

HAZARDS TO HUMANS

WARNING: Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS

For external use on dogs only. Do not use on puppies less than 8 weeks old.

Do not use this product on debilitated, aged, medicated, pregnant or nursing dogs or dogs known to be sensitive to pesticide products without first consulting a veterinarian.

SIDE EFFECTS

Monitor your dog after application. Individual sensitivity, such as slight transitory redness, erythema, itching -pruritus- or other signs of discomfort at the site of application, may occur after using ANY pesticide product for dogs. If signs of sensitivity occur, bathe your dog with mild soap or shampoo and rinse with large amounts of water. If signs of individual dog sensitivity occur and persist, contact your veterinarian. Gastrointestinal signs such as vomiting and diarrhea have also been reported. If these signs occur, consult your veterinarian or call us at 1-800-999-0297. Have the product container or label with you when calling your veterinarian for advice.
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling. [Precaución al consumidor: si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. (To the user: if you cannot speak English, do not use this product until the label has been fully explained to you)].

RESTRICTIONS:
- USE ONLY ON DOGS
- Do not use on cats or other animals.
- Do not allow children to apply product.
- Do not have contact or allow children to have contact with treated areas until treatment is completely dry.
- Weigh your dog to be sure you are using the right size product for your dog.
- For use only on dogs and puppies 8 weeks and older and weighing 21-55 lbs.
- Do not apply more than one tube per treatment.
- Do not split one tube between two or more dogs.
- Do not treat your dog with more than one pesticide product at a time. Overdosing your dog can result in serious illness and even death.

HOW TO APPLY:
1. Remove the applicator tube from the package.
2. The dog should be standing or in a comfortable position for easy application.
3. Holding the applicator tube upright, pointing away from your face, place your thumb and index finger around the applicator tip under the large disk. With your other hand, grasp the stem of the applicator tip above the smaller disk. Press down firmly on the small disk until both disks meet, piercing the seal. See illustration.
4. Using the applicator tip, part the hair at the base of the tail and begin applying the product onto the skin in a continuous line from the base of the tail along the center of the back all the way up to the shoulder blades, as shown in the diagram, squeezing the applicator tube until it is empty. Avoid superficial application to the dog’s hair.

5. Discard the empty applicator tube as outlined in the Storage and Disposal section.
6. Repeat every month, or as recommended by your veterinarian.
7. For optimal treatment, control and prevention of fleas, flea eggs and flea larvae, year-round treatment is recommended.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place. Protect from freezing.
KEEP OUT OF REACH OF CHILDREN.

Pesticide Disposal and Container Disposal: Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partially filled: call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES

Seller warrants that the material conforms to the chemical parameters of the US EPA registration and the label. Seller makes no warranty to the extent consistent with applicable law, express or implied, other than indicated on the label. Buyer and user assume all risk of use and handling of this material when such use and handling are contrary to the label directions. To the extent consistent with applicable law, any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profit or values.
