RM#: 300512600    12-0335
Net Contents: 1 qt (32 fl oz) (946 ml)
ADAMS™ Flea & Tick Spray

• Kills adult fleas, flea eggs, flea larvae, and ticks

DIRECTIONS FOR USE - It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

IMPORTANT! READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS AND PUPPIES 10 WEEKS OF AGE OR OLDER OR CATS AND KITTENS 12 WEEKS OF AGE OR OLDER

For indoor use only. Do not apply this product to puppies less than 10 weeks of age and to kittens less than 12 weeks of age.

SHAKE WELL BEFORE USING.

For Fleas: A light, even coverage of the hair coat will provide effective flea control. Do not allow spray from application or damp pet to come into contact with painted or finished surfaces, including wood floors/furniture, leather/vinyl materials, or other surfaces of concern. For best results, ruffle the coat while spraying against the natural lay of the hair. Cover pet’s eyes with hand. With a firm, fast stroke, spray head, ears, and chest. If you see a tick, spray it directly. With cloth, rub on face around mouth, nose, and eyes. Then spray the neck, middle and hind quarters, finishing with legs and tail last. Avoid spraying rectum and genital. For all pets, spray until damp, not saturated. Do not allow pets to become chilled. If your pet becomes reinfested with adult fleas or ticks, Adams™ Flea & Tick Spray may be reapplied every two weeks after the initial application. Continue treatments for prevention of flea infestation.

Treatment Dosage: Treatment dosage is based on pet weight, weight pet before treatment. Note that the labeled dose is about 4 squizzes of the trigger sprayer per pound of body weight. Short-haired pets may need less. In all cases, spray until the coat is damp, not saturated. Adams™ Flea & Tick Spray is most effective when used as part of a total flea and tick management program. Use other Adams™ products registered for residential premise control (carpets, upholstery and pet bedding) of these pests in conjunction with this treatment. Monthly premise treatments are required for optimal control and prevention of fleas.

The successive feeding activity of fleas on pets may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of pets with Adams™ Flea & Tick Spray kills fleas and may reduce the incidence of this condition.

STORAGE and DISPOSAL: Pesticide Storage: Do not store near heat or open flame. Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals. Container Disposal: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO ANIMALS – CAUTION: Do not use on puppies less than 10 weeks of age or kittens less than 12 weeks of age. For external use only. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide products on pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

First Aid

If in eyes • Call a poison control center or doctor for treatment advice.
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Have the product container or label with you when calling a poison control center, doctor, or veterinarian or going for treatment. For any additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 800-234-2269 24 hours per day, 7 days per week.

PHYSICAL HAZARDS: Combustible. Do not use or store near heat or open flame.

WARRANTY AND CONDITIONS OF SALE:

Seller warrants that the product conforms to the chemical specifications expressed on the label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller’s liability for default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages. In case of emergency or for product use information, call 800-234-2269.
