SUPER PRO GUARD

PRODUCT DESCRIPTION

This product provides multi-season antifouling protection against barnacles, algae and biofouling. It is compatible with all commonly used antifouling products. It is a one-component, non-radioactive, non-toxic, non-flammable product. It is not harmful to the environment and is biodegradable and non-acidic. It is designed for use on all types of boats, including powerboats, sailboats, and canoes. It can be used on both freshwater and saltwater environments.

DIRECTIONS FOR USE

1.**Clean** the boat with a cleaner that is safe for the boat's material. Do not use any abrasive cleaners.
2.**Prime** the surface with a primer that is compatible with the boat's material.
3.**Paint** the boat with the Super Pro Guard in a single coat.
4.**Let dry** for 24 hours before use.
