Guaranteed Analysis

- Herbicide Y
- 95% Active Ingredient
- 5% Non-Active Ingredients

Available in:
- 25 lb Bag
- 55 lb Pallet
- 110 lb Bag

USE ACQUISITION:
- Distributor Inc.
- Warehouse/Shipping
- Residential/Commercial

WHEN TO APPLY:
- Apply when weeds are actively growing and soil temperature is above 50°F. Apply in the evening or after rain for optimal performance.

WHAT TO EXPECT:
- Herbicide will be effective within 2-3 days after application.
- Weeds will turn yellow within 1-3 days after application and will die within 5-7 days.
- Aqueous mixture should be used within 1-2 days after application.

WHAT NOT TO EXPECT:
- Do not apply to bare root plants or to seedbeds.
- Do not apply to wet, recently mowed turf.
- Do not apply to plants that are not growing actively.

DISTRIBUTION AND SPREADER PATTERN

Spray Pattern:
- Use a flat fan nozzle for uniform coverage.

Single Pass Distribution:
- Apply in one direction to ensure uniform coverage.

Broadcast Sprayers:
- Use a single pattern for uniform coverage.

Multiple Pass Distribution:
- Apply in multiple passes to ensure complete coverage.

Storage and Disposal:
- Store in original container and keep out of reach of children.
- Do not dispose of in waterways or sewers.
- Proper Disposal:
  - Contact local waste management facilities for disposal instructions.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer and/or distributor shall not be responsible for any loss or damage caused by misuse, improper application, or any other cause or failure to follow the instructions contained herein. This product is not intended to be used on aquatic plants or wildlife.

DISTRIBUTED by:
