**PRECAUTIONAL CONSUMER:**
Si usas no lees inglés, no use este producto hasta que lea las instrucciones en este producto. (TO THE USER: If you cannot read English, do not use this product until you read the entire label on this product.)

**PRECAUTIONARY STATEMENTS**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING
Causes substantial, but temporary, eye injury. Causes skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Some materials that are chemical-resistant to this product are Armor Laminate, or Vislon. If you want more options, follow the instructions for category F or G on an EPA chemical resistance category selection chart. Movers, loaders, applicators, and other handlers must wear the following:

- Long-sleeved shirt and long pants
- Shoes and socks
- Chemical-resistant gloves for movers, loaders and applicators using hand held equipment.

Follow manufacturer's instructions for cleaning/maintaining PPE. If any such instructions for washable items, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discolor clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

**User Safety Recommendations:**

- Users should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**Environmental Hazards**

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to or near water. Do not apply on docks or in or near streams, brooks, lakes, ponds or irrigation ditches. Use Directions for Use for additional requirements.

**Physical or Chemical Hazards**

Combustible. Do not store or use near heat or open flame. Floor treated with Pesticides. Do not apply the diluted product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Please read entire label before using this product.

**GENERAL PRECAUTIONS AND RESTRICTIONS:**

Do not allow adults, children or pets to enter the treated area or contact treated surfaces until sprays have dried. Do not apply this product in a way that will contaminate any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow pets to enter the treated area until sprays have dried.

INDOORS
Restrictions for Indoor Uses

- Do not use water-based sprays in conduits, motor housing, junction boxes, switch boxes or other electrical equipment because of possible shock hazards.
- During any indoor surface application, do not allow dripping or run-off to occur. During any application of the Ceilings of a structure, cover surface below with plastic sheeting or similar materials.
- Do not apply this product in any rooms being used as a living, eating or recovery area by patients, the elderly or the infirm when they are in the room.
- Do not apply to classrooms when in use.
- Do not apply to areas of institutions (including libraries, sport facilities, etc.) where occupants are present in the immediate treatment area.
- Do not use as a space spray.
- Use only in well-ventilated areas.
- Do not use concentrate or emulsion in fogging equipment.
- Do not use in food areas and food handling establishments, restaurants or other areas where food is commonly prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.
- Do not use in greenhouses where raw agricultural commodities for food are fed, and/or raw or cured tobacco is being stored.
- Do not use in greenhouses where crops for food or feed are grown.
- Do not apply to pets. Remove birds and other pets before application. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment, and turn aquarium systems off.

OUTDOORS
Restrictions for Outdoor Uses

All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses:

- Treatment of coll or vegetation around structures,
- Applications to lawns, turf and other vegetation,
- Applications to building foundations up to a maximum height of 3 feet;
- Broadcast application to building foundations.
- All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot treatments or crack and crevice applications only.
- Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches. Do not apply when windy or light rain is expected or when rain is imminent.
- Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches. Do not apply when windy or light rain is expected or when rain is imminent.
