Deltamethrin ........... 0.03%

OTHER INGREDIENTS: .. 99.97%
100.00%

Net Contents: 1 Gallon (3.785 L)
PRECAUTIONARY STATEMENTS
Hazards To Humans and Domestic Animals

CAUTION
Contact with product may result in transient tingling and reddening of the skin. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

ENVIRONMENTAL HAZARDS
This product is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

Physical or Chemical Hazards: Do not apply this product in or on electrical equipment due to possibility of shock hazard.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Information: Hold container upright. Do not spray up into air. Apply to surfaces only as a spot and crack & crevice treatment. Turn spray nozzle to “on” position. Hold approximately 12 inches from surface to be sprayed. Squeeze trigger to spray until surface is slightly moist, but not to the point of runoff. Over application may cause damage. Test in an inconspicuous area before applying. Do not allow children or pets to contact treated surfaces until spray has dried. This product’s long-lasting action keeps on killing German Cockroaches for up to 12 months and Flies for up to 5 months after you spray. More frequent applications may be necessary on concrete garages. Check these areas in 4 weeks and retreat as necessary. Residual activity continues. Residual activity kills insects when they return to treated areas. This product is intended to be used in and around residences and their immediate surroundings, such as (but not limited to): apartments, attics, automobiles, basements, bathrooms, boas, cabins, camps, carports, cat sleeping quarters, clothes storage, consumer products, doors, doors, driveways, garages, geese, hedges, homes, kitchens, lanais, living rooms, parlors, patios, pet sleeping areas, play rooms, porches, recreational vehicles, rooms, safes, storage areas, sun rooms, utility rooms and verandas. Do not use in commercial food handling establishments, restaurants or other places where food is commercially prepared or processed.

INDOORS
Cockroaches (including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate-Resistant Strains), Ants, Asian Lady Beetles, Boxelder Bugs, Centipedes, Crickets, Dermestids, Firebrats, Flies, Kidzu Bugs, Palmetto Bugs, Silverfish, Spiders, Slugs and Snails, Waterbugs. Apply as a spot and crack & crevice treatment to areas where these pests crawl and hide, especially in hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. Cover all food handling surfaces and cover or remove all food and cooking utensils or wash thoroughly after treatment. Exposed food should be covered or removed. Repeat as necessary, but not more than once per week. Ants: Spray ant trails and around doors and windows and other places where ants enter the house. Repeat as necessary, but no more than once per week. Carpenter Ants: For effective control, locate and eliminate nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Ticks (including Deer Ticks which may carry Lyme Disease) and Flies on Surfaces. Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult Flies and Larvae contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to the treated area. Spray rugs and carpeting where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Spiders. Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics,Cancel spaces and other areas where these pests may crawl. Centipedes, Ground Beetles, Hailflug Bugs, Mosquitoes and Small Flying Moths: Spray localized resting areas, such as under eaves, porches, inside surfaces of window and door frames, surfaces around light fixtures and cords, rackets, etc. and anywhere these insects may rest. Insects coming to rest on treated surfaces will be killed. BED BUGS AND LICE: Remove linens and wash before re-use. Lightly spray mattress, especially tufts, folds and edges. Apply to the interior of the frame. Avoid drying before re-remaining bed. Also, treat your yard with a product registered for yard application.

OUTDOORS
Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment. Do not use on or around food products. Use in controlling these insects. Point spray away from tree. Hold sprayer on a slight downward angle, approximately 12 inches from surface to be sprayed. Spray with wind if breeze is blowing. Do not contaminate fish ponds or apply directly to water.

PESTS ON OUTSIDE SURFACES OF BUILDINGS: For control of building infestation to Ants, Clever Mites, Cockroaches, Kidzu Bugs and Some Bugs (Plillbugs). Spray foundation of building where insects are active and may find entrance up to a height of 2 to 3 feet. Apply to outside surfaces of buildings where insects tend to congregate. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps. Repeat treatment as necessary, but not more than once per week. CRAWLING INSECTS: Ants, Cockroaches (including Asian Cockroaches), Centipedes, Crickets, Kidzu Bugs, Moles, Crickets, Silverfish, Slimy Bugs and Waterbugs. Hold sprayer 12 to 18 inches from surface to be treated and spray in infested surface or patio or picnic area, hitting as many insects as possible. Spray to slightly moisten the surface. Spray infested surface of patio or picnic area. Also spray legs of tables and chairs. Ants: Spray freely around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray freely on and around debris. Repeat as necessary, but not more than once per week. Lone Star Ticks, Dog Ticks, Crickets and Flies: Apply thoroughly to infestation in bushes, grass or weeds. FLYING INSECTS: Houseflies, Gnats, Kidzu Bugs, Mosquitoes, Small Flying Moths and Slimy Bugs: Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, rackets, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed. Carpenter Ants and Carpenter Bees (for localized control only): Apply this product to voids or channels in damaged wood of a structure, or to cracks, crevices and spaces in and between wooden portions of a structure or between the wood and the foundation, in locations vulnerable to attack, such as crawl spaces.

STORAGE AND DISPOSAL
Storage: Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Protect from freezing, if freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect performance.

Container Disposal: If empty, Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling, if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IMPORTANT: READ BEFORE USE
Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unused product container all unopened product, user or buyer according to the following. Contractor, Dispenser, Warranties and Limitations of Liability. CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product.
